Volume Discounts

No. of Days	Discount
41-100 days	2%
101-200 days	5%
200+ days	10%

For clarity, charging works as follows:
1-40 days – daily rate
41st day to 100th day – 2% discount applied
101st day to 200th day – 5% discount applied
Anything over and including 201st day – 10% discount applied

Example:
A project of 240 days would breakdown as:
40 days @ daily rate
100 days @ (daily rate * 0.98)
100 days @ (daily rate * 0.90)

Volume discounts apply to the whole assignment. Extensions to assignments are treated as separate assignments.

Security Classification: Public

Aggregate (Combination) Discounts

No. of Days	Discount
82-100 days	2%
101-200 days	5%
200+ days	10%

Aggregate duration discounts are applied where there is no break in continuity of work assignments and where all assignments are of 41 days or more duration. The percentage of the aggregate duration discount is determined by the duration of contiguous contracts over an accounting period of one year with a fixed start date (normally initial contract start date). Discount is applied only to the current contract. Discounts are not retrospectively applied to earlier contracts. Where aggregate and volume discounts apply, the greater of the two is taken.
