Confidentially

This document (the "Proposal") contains information that is confidential to Clinical Architecture Limited ("Clinical Architecture") and is disclosed in order for potential customers to use solely for the purposes of evaluating Clinical Architecture's Proposal. Neither the Proposal nor the information therein may be used for any other purpose nor disclosed to any other party, either whole or in part, without the prior written consent of Clinical Architecture. Potential customers may permit their employees, advisors, and agents having a need to know the contents of this Proposal and to have access to the contents as are strictly necessary, but the potential customer shall ensure that such employees, advisors, and agents are bound to it by a confidentiality obligation which covers the Proposal. The potential customer's acceptance of these obligations shall be indicated by the customer's use of any of the information contained in this Proposal.

Clinical Architecture acknowledges that the potential customer may be bound by the Freedom of Information Act 2000 ("FOIA"). In such a case, Clinical Architecture considers that the contents of the Proposal are confidential and exempt from disclosure pursuant to Section 41 of FOIA. The potential customer should consult Clinical Architecture before making any disclosure of information relating to Clinical Architecture or the Proposal under FOIA. Clinical Architecture's pricing information, methodologies, solutions, as well as any reference to Clinical Architecture's clients and their projects are always considered by Clinical Architecture to be exempt from disclosure by virtue of Sections 41 and 43 of FOIA, whether indicated or not.

Product/Service Information: Any descriptions of future functionality reflect current product direction and are provided for informational purposes only and do not constitute a commitment to provide specific functionality. Timing and availability remain at Clinical Architecture's discretion and are subject to change and applicable regulatory approvals.

Pricing Information

Annual Software License Fee

The client will be licensed to use Symedical UK Edition, deployed to a centralised point as a terminology management solution for content mapping and normalisation across code sets and managing standard terminologies. The licensed use does not allow for the client to serve as a terminology services bureau or for any other organisation to access to any component of Symedical.

Symedical UK Edition pricing is based on an annual subscription model so each client has access to the latest enhancements of the software and content updates as well as receiving support for the product. The minimum fees would apply should the patient-based price not exceed this amount. Price per patient is based on the population that is being served by the provider.

Indicative Costs excluding VAT

Product	Unit of Order	Price per unit per annum	Min Price Per Instance
*Symedical UK Edition - Standalone Terminology Management Platform	Per patient	£0.15	£69,000
Product	**Unit of Order**	**Price per unit per annum**	**Min Price Per Instance**
