Sovereign WordPress for the Public Sector: Pricing Document

Managed Service Tiers

Our WordPress hosting is provided as a fully managed service. All plans include 100% UK data residency, managed security updates, and automated backups.

Tier	Ideal For	Monthly Fee
Sovereign WP Basic	Single microsite or small council portal (20GB SSD / 1TB Transfer)	**£150**
Sovereign WP Pro	High-traffic sites or integrated portals (50GB SSD / Dedicated Resources)	**£350**
Sovereign WP Multi	Multi-site networks or up to 5 individual sites (100GB SSD / High Availability)	**£650**

2. Setup and Migration Fees

- **Standard Migration:** For existing WordPress sites, a one-off migration fee of £1,200 (1 day SFIA Level 3) typically applies per site to cover technical audit, data transfer, and security hardening.
- **New Site Provisioning: Free of charge** for standard out of the box installations on our platform.

3. Optional Technical Add-ons

- **Additional Storage:** £2.00 per GB per month.
- **95th Percentile Bandwidth:** For high traffic events, burstable 1Gbps ports are available at £75.00 per Mbps (1Mbps included).
- **Extended Backup Retention:** Retention beyond 7 days is available on a custom quote basis.

4. Professional Services (Consultancy)

Any custom theme development, complex plugin integration, or accessibility auditing is charged according to our **SFIA Rate Card**:

- **Technical Specialist:** £1,200 per day (SFIA Level 3).
- **Senior Strategic Advice:** £1,550 per day (SFIA Level 5).

5. Terms and Conditions

- **VAT:** All prices are exclusive of VAT.
- **Minimum Term:** 12 months (shorter terms available by agreement).
- **Payment Terms:** Monthly in advance or annually in advance (10% discount for annual payments).
- **No Exit Fees:** We do not charge for data extraction or service termination.
