Operate predictably. Innovate safely.

Kubernetes Support Services

G-Cloud 15 Lot 3 (Cloud Support)

© Frontier 2026

Service Overview

- We provide Kubernetes support services to help organisations implement, operate, and optimise container platforms across managed and self-managed Kubernetes environments.
- The service covers onboarding and configuration, day-to-day operational support, incident troubleshooting, and ongoing optimisation. We deliver hands-on engineering support, best-practice guidance, and knowledge transfer to help teams run secure, reliable, and scalable Kubernetes platforms.

Key Features & Benefits

Key features:

- Kubernetes cluster onboarding and configuration support
- Operational support for managed and self-managed Kubernetes platforms
- CI/CD integration and deployment pipeline support
- Security, access control, and secrets management guidance
- Platform health checks, optimisation, and troubleshooting

Key benefits:

- Delivered by accredited Kubernetes engineers
- Secure-by-default operational practices
- Reduced platform risk and operational overhead
- Clear documentation and knowledge transfer
- Scalable support as platform usage grows

Methodology

Discover

- Review current clusters, platform maturity, and requirements

Design

- Agree support model, platform standards, and priorities

Implement

- Configure clusters, security, and operational tooling

Transition

- Validate configuration, document changes, and enable teams

Operate

- Day-to-day support, incident response, and ongoing optimisation

Delivery Format

Delivery format:

- **Format:** Remote delivery (Teams/Zoom) as standard, with on-site support available by agreement.
- **Engagement model:** Delivered on either a time-and-materials (T&M) basis or as a fixed-price engagement, depending on scope and requirements.
- **Duration:** Flexible engagement length, including short-term onboarding or review activities and ongoing support arrangements.
- **Capacity:** Delivered by Frontier Kubernetes certified engineers working with customer technical and operational teams.
- **Materials:** Documentation, runbooks, and recommendations provided where applicable.

© Frontier 2026

Prerequisites (onboarding)

- **Access:** Appropriate access to the customer's Kubernetes environment, cloud platform, and relevant tooling, as agreed.
- **Permissions:** Administrative or delegated permissions required to perform agreed support and configuration activities.
- **Documentation:** Existing platform documentation, architecture diagrams, and operational context where available.
- **Skill level:** Customer technical contacts with working knowledge of Kubernetes and cloud platforms.

© Frontier 2026

Service Constraints

- **Scope:** Services are delivered within the agreed scope and support level defined at engagement start.
- **Access:** Delivery is dependent on timely access to customer environments and systems.
- **Platforms:** Support is limited to Kubernetes platforms and cloud services agreed as part of the engagement.
- **Language:** Services are delivered in English.

© Frontier 2026

Service Levels

- **Support hours:** Support provided during standard business hours, with optional enhanced or premium support offering extended availability.
- **Response times:** Initial response times depend on the agreed support level and incident priority, with faster response for enhanced and premium support.
- **Escalation:** Issues are escalated to senior engineers where required, in line with the agreed support model.
- **Scheduling:** Planned support activities are scheduled by mutual agreement.
- **Hyper-care support:** Where applicable, up to five (5) business days post-implementation, onboarding, or migration.

© Frontier 2026

Security & Accreditations

- **Security posture:** We are committed to meeting the highest standards of security for public sector engagements.
- **Vetting:** All consultants are UK-based and hold BPSS clearance as a minimum, with SC-cleared consultants available where required.
- **Data handling:** Services are delivered within the customer's secure environment. We do not host or remove customer data unless explicitly agreed.
- **Certifications:** We hold Cyber Essentials Plus and ISO/IEC 27001 certification.

© Frontier 2026

Why Frontier?

- **Cloud and platform engineering specialists:** We provide hands-on support and consultancy across cloud and platform services.
- **Trusted partnerships:** We work with leading cloud and technology partners to support customer environments using industry-recognised platforms and tools.
- **Public sector ready:** Experienced in secure and regulated environments, with a strong understanding of public sector delivery and procurement.
- **Practical delivery:** We work alongside customer teams to bridge strategy and day-to-day operational needs.
- **Flexible engagement:** Our engineers integrate with existing teams and delivery models, including Agile ways of working.

© Frontier 2026

Ordering & Pricing

- **Ordering:** Services are ordered via the G-Cloud Digital Marketplace in line with framework rules.
- **Pricing:** Priced using SFIA-aligned day rates (see attached Pricing document).
- **Invoicing:** Invoiced monthly in arrears based on days delivered.
- **Contact:** hello@frontierhq.com for service enquiries.

Who we are

© Frontier 2026

Who we are
Engineering philosophy

Operate predictably. Innovate safely.

It's not just a tagline, it's our engineering philosophy.
It influences everything we do.

© Frontier 2026

Solid foundations

At the core of our engineering philosophy lies a commitment to building solid foundations.

© Frontier 2024

Operate predictably

Operate predictably, as an integral facet, represents our pursuit to enable trust and confidence in technology.

© Frontier 2024

Innovate safely

Innovate safely, as a leading edge, represents our resolve to ensure safe exploration and advancement.

© Frontier 2024

Who we are
Certifications

We know our stuff

Here's just some of the certifications our engineers hold.

Our customers

© Frontier 2026

Who we've helped before

Finance, energy, travel & more

We get it right, again and again.

We're passionate about helping organisations to use technology in a way that enables long term success. And we've done that with some names you might recognise.
