\ 01
Service Overview

Don't just find vulnerabilities—fix them.

Technical training delivered by Frontier experts.

We teach your developers how to the Sonatype Platform to select safe open-source component versions, understand dependency trees, assess risk and remediate risks without breaking the build.

Don’t shift security left – **start left**.

\ 03
Delivery Format

We scale to you

Format
As required – works best in person but can be run virtually.

Duration
Starts at half-day workshop – scales as required to meet your desired outcomes.

Capacity
Works best with ~15 Developers per workshop.

\ 04
Onboarding (Pre-requisites)

Start Ready

Requirements

Developers must have their developer tooling (IDEs) pre-installed.

Access

Developers must have access to your Sonatype Platform.

Skill Level

Best for Junior to Senior Developers.

\ 07
Security & Accreditations

We know our stuff

Frontier is committed to the highest standards of security in the Public Sector. All our consultants are UK-based and hold BPSS clearance as a minimum (SC cleared consultants are available upon request).

We operate entirely within your secure environment. No client data leaves your sovereignty.

We align with Cyber Essentials Plus and ISO-27001 standards.

\ 08
Why Frontier?

Your Partner

- **Cloud and platform engineering specialists**
  We provide hands-on support and consultancy across cloud and platform services.
- **Trusted partnerships**
  We work with leading cloud and technology partners to support customer environments using industry-recognised platforms and tools.
- **Public sector ready**
  Experienced in secure and regulated environments, with a strong understanding of public sector delivery and procurement.
- **Practical delivery**
  We work alongside customer teams to bridge strategy and day-to-day operational needs.
- **Flexible engagement**
  Our engineers integrate with existing teams and delivery models, including Agile ways of working.

Who we are
Engineering philosophy

Operate predictably. Innovate safely.

It's not just a tagline, it's our engineering philosophy.
It influences everything we do.

© Frontier 2026

Solid foundations

At the core of our engineering philosophy lies a commitment to building solid foundations.

© Frontier 2024

Operate predictably

Operate predictably, as an integral facet, represents our pursuit to enable trust and confidence in technology.

© Frontier 2024

Innovate safely

Innovate safely, as a leading edge, represents our resolve to ensure safe exploration and advancement.
