Nymo Assure (AI Telecare Analytics)

G-Cloud Specific Pricing

1. SERVICE OVERVIEW

Nymo Assure (AI Telecare Analytics) is a state-of-the-art AI-powered platform designed to provide real-time monitoring, predictive analytics, and automated alerts to telecare services. The platform helps caregivers and healthcare providers monitor patient health and well-being, identify potential risks early, and provide proactive care. By integrating with telecare devices and wearables, Nymo Assure ensures continuous tracking of individuals, enhancing the quality of care while optimizing resource management.
