G-Cloud 13 - Check Point Software Technologies May 2022

Harmony Connect Internet Access – Software Pricing Schedule

Check Point G-Cloud 13 Service Pricing

Harmony Connect, Check Point's SASE solution, secures access to corporate applications, SaaS and the internet for any user or branch, from any device, without compromising on security. Harmony Connect Internet Access allows employees to access the internet securely from anywhere. Internet traffic is processed centrally by a Check Point managed gateway.

Licensing instructions

- Minimum purchased users: 50.
- Fair usage policy applied according to the Cloud EULA.
- A Check Point cloud location (POP) is entitled for every 50 users purchased (e.g. a customer with 800 purchased users is entitled to use up to 16 cloud locations)

Pricing

Pricing is shown for the minimum amount capable of being purchased, as well as single seats so you can come to a rough idea what list price would be.

The below is based on list prices with an exchange rate of £1.00 : $1.25
