Data8 Statement on the Modern Slavery Act 2015

INTRODUCTION

Slavery and human trafficking remains a hidden blight on our global society. We all have a responsibility to be alert to the risks, however small, in our business and in the wider supply chain.

ORGANISATION'S STRUCTURE

We are Data Quality experts and believe that clean accurate data is the key to every successful business. Our services help our clients manage their data so that they can completely trust their data.

The company does not have a turnover in excess of £36m and is therefore exempt from making a statement in line with the Act.

However, we are happy to make the following assurances

- All staff are trained on induction and on annual training that they have obligation to report concerns and management are expected to act upon them.
- As a business, all of our employees are paid in excess of the minimum wage
- All employees are contracted to work no more than 37.5 hours per week.
- We have zero tolerance to slavery and human trafficking. We expect all those in our supply chain and contractors comply with our values.

Should you have any further queries then please feel free to contact us.
