Non-disclosure

The information contained in this document is confidential and is submitted by Bentley Systems, Incorporated or one of its direct or indirect wholly-owned subsidiaries ("Bentley") on the basis that the Subscriber will use it solely for the purposes of evaluating the Bentley proposal. The Subscriber may permit those of its employees, advisers and agents having a need to know the contents of this proposal to have access to such contents, but shall ensure that such employees, advisers, and agents are bound by the Subscriber's obligation to keep it confidential. Subject to that, the contents may not be disclosed in whole or in part to any third party without the prior express written consent of Bentley. The Subscriber's acceptance of these obligations shall be indicated by the Subscriber's use of any of the information contained in this document.

1 PRICING

1.1 Subscription Service Offering and Deliverables

Cloud Data Repository and Core Services

Data will be stored in the London Azure Region.

Material Description	Pricing
OpenGround i5 (Gov Band 1) 150 thousand Exploratory Locations, 1 million API Requests	£23,234 per year
OpenGround i5 (Gov Band 2) 450 thousand Exploratory Locations, 3 million API Requests	£46,469 per year

Connected App Licenses (PPA)

Material Description	Pricing
OpenGround – Collector License for use by staff undertaking field-based data capture. Includes Data Collector.	£745 per year
OpenGround – Collaborator License for use by data entry staff, supply chain, and clients. Includes Web Portal.	£279 per year
OpenGround – Integrator License for staff on the design team integrating data into CAD/BIM. Includes Launcher, Connector, Civil 3D Extension.	£1,395 per year
OpenGround – Manager License for staff responsible for reporting and analysing GI data. Includes Launcher, Connector, Admin Portal, Template Studio, Excel Extension, Professional.	£2,602 per year

The length of the initial term of the OpenGround subscription may be adjusted to synchronize with the subscription term of the Subscriber's SELECT Program Agreement.

"Subscription prices shown are valid for the initial Year of the subscription period, and Bentley reserves the right to adjust prices for subsequent Years."

1.2 Subscription Term and Termination

For OpenGround, the initial term of the subscription shall be one year in duration (or less if a one-off “piloting” phase has been agreed).¹ Thereafter, the subscription shall automatically renew for subsequent subscription periods of one year unless either party gives written notice not to renew at least 30 days prior to expiration of the then-current subscription period. For the sake of clarity, automatic renewal shall apply to the OpenGround subscription only. Professional services and training are not subject to automatic renewal.

1.3 Payment terms and Invoicing

Bentley will invoice as follows:

- Subscription fees shall be invoiced annually in advance.

Prices shown on this quotation are not inclusive of applicable taxes. Applicable taxes will be included on invoices. If your account is exempt from standard taxes, please provide supporting documentation with your order.

If usage of a Connected App exceeds 20% of a Subscriber’s license(s) of that Connected App, for two consecutive calendar quarters, or if usage exceeds the criteria defined herein for Subscriber’s Core Services Level, then the purchase of additional PPA licenses and/or the purchase of a higher Core Services Level will be required.

The OpenGround environment includes unlimited storage for documents that compliment or describe the data. If we detect that your organization saves more documents than we consider to be fair and normal, we’ll contact you to discuss the situation. It’s possible to expand your storage and, if appropriate, we will only charge a maximum of the published and publicly available Microsoft Azure storage charge for the relevant storage solution plus 20%.

About Bentley Systems

Bentley Systems (Nasdaq: BSY) is the infrastructure engineering software company. We provide innovative software to advance the world's infrastructure – sustaining both the global economy and environment. Our industry-leading software solutions are used by professionals, and organisations of every size, for the design, construction, and operations of roads and bridges, rail and transit, water and wastewater, public works and utilities, buildings and campuses, mining, and industrial facilities. Our offerings include MicroStation-based applications for modeling and simulation, ProjectWise for project delivery, AssetWise for asset and network performance, Seequent's leading geoprofessional software portfolio, and the iTwin platform for infrastructure digital twins. Bentley Systems employs more than 4,500 colleagues and generates annual revenues of approximately \$1 billion in 186 countries.
