1 COMMERCIAL TERMS

1.1 Pricing Solution

The cost proposal included herein is based on a term of 1 year from notice to proceed (NTP) to the final date of availability of the WaterSight digital twin solution. The solution includes 1-year Water365 pre-paid annual subscription that covers all licenses, cloud infrastructure and technical support, and WaterSight configuration / implementation professional services as a fixed fee (to be agreed on case-by-case basis). Note that Bentley reserves the right to adjust the implementation price in proportion according to escalation in Bentley's daily consulting rates.

1.2 Software Subscription Pricing

The WaterSight digital twin operational platform is covered under a prepaid annual (PPA) subscription is called Water365. Based on the size of the network and number of service connections Bentley offers 3 bands of the Water365 subscription, namely:

Description	Quantity	Unit Price	Price
Water365 Small license Pre-Paid Annual (PPA) Subscription	1	£13,900	£13,900
Water365 Medium license Pre-Paid Annual (PPA) Subscription	1	£18,534	£18,534
Water365 Large license Pre-Paid Annual (PPA) Subscription	1	£24,711	£24,711

1.3 Services Offering and Deliverables

The configuration, implementation and training services are required to successfully deploy the WaterSight digital twin for water networks operations. Based on the Client's requirements Bentley will develop and scope professional services proposal. For detailed description refer to the OpenFlows WaterSight Lot 2 – Cloud Software – Services Definition Document

These are one-time implementation professional services. Standard software maintenance and technical support services are covered under the standard Bentley SELECT agreement.

1.4 Software Subscription Terms

For Water365 the initial term of the subscription is 1 (one) year in duration. After the initial year, the subscription will be automatically renewed unless either of the parties decides to terminate which should be done with a prior 30-day written notice, as described in the standard Bentley SELECT agreement.

About Bentley Systems

Bentley Systems (Nasdaq: BSY) is the infrastructure engineering software company. We provide innovative software to advance the world's infrastructure – sustaining both the global economy and environment. Our industry-leading software solutions are used by professionals, and organisations of every size, for the design, construction, and operations of roads and bridges, rail and transit, water and wastewater, public works and utilities, buildings and campuses, mining, and industrial facilities. Our offerings include MicroStation-based applications for modeling and simulation, ProjectWise for project delivery, AssetWise for asset and network performance, Seequent's leading geoprofessional software portfolio, and the iTwin platform for infrastructure digital twins. Bentley Systems employs more than 4,500 colleagues and generates annual revenues of approximately \$1 billion in 186 countries.
