Introduction to Thinc and SAP Business One

As an ERP provider for over 30 years, Thinc have a proven track record of implementing and supporting ERP solutions. With over 400 live sites and support contracts from start-ups to multinationals, we can help your organisation implement the right SAP solution to meet your needs.

SAP Business One is a fully integrated ERP Package covering all aspects of functionality required for a modern business. With flexibility in mind, a SAP Business One solution from Thinc can be tailor to meet the needs of every business across a wide range of verticals and industries.

In combination with Thinc's managed service offering, we offer a complete end to end service removing the technical complexities of implementation and presenting a simple solution.

Support

At Thinc we support over 400 organisations on a daily basis.

We pride ourselves on putting our customer first. Every customer has their own unique requirements and therefore support costs vary based on the needs of the organisation.

Consultancy and Implementation

As an independent provider we have fostered strong and long-lasting relationships with industry leading partners, enabling Thinc to develop a fully accredited team of consultants with deep expertise.

We take the time to understand your requirements to ensure we deliver a system that is tailored to your needs. Because of this implementation cost vary depending on the scope of the project.

Our accredited consultants design, build and support your project implementation and business. They will work with you to understand your organisations requirements, tailoring a solution that meets your needs.

Our day rate for consultancy, training and development services is £850.00 per day.

All prices exclude VAT
