### Introduction to Thinc and Microsoft Azure Migration and Support

---

As an IT business systems provider for over 30 years, Thinc have a proven track record of implementing and supporting IT solutions. With over 400 live sites and support contracts from start-ups to multinationals, we can help your organisation implement the right solution to meet your needs. With flexibility in mind, Thinc tailor Azure solutions to meet your needs. In combination with Thinc's managed service offering, we offer a complete end to end service removing the technical complexities of implementation and presenting a simple solution.

## Support

At Thinc we support over 400 organisations with award winning service. In 2019 Thinc were awarded UK Partner of the Year for Service Excellence by Sage. We pride ourselves on putting our customer first. Every customer has their own unique requirements and therefore support costs vary based on the number of users and the modules that are in use.

## Consultancy and Implementation

As an independent provider we have fostered strong and long-lasting relationships with industry leading partners, enabling Thinc to develop a fully accredited team of consultants with deep expertise.

We take the time to understand your requirements to ensure we deliver a system that is tailored to your needs. Because of this implementation cost vary depending on the scope of the project.

Our accredited consultants design, build and support your project implementation and business. They will work with you to understand your organisations requirements, tailoring a solution that meets your needs.

Our day rate for consultancy, training and development services is £850.00 per day.

## Licensing
