Service Pricing and Contact

- Introduction to our standard rate card
- Value for Money
- As part of our ongoing approach to help clients find the best value for money in the services they procure, we are prepared to develop bespoke pricing models to suite any clients requirments. Typiucal appproaches include:
 - Fixed process contracts
 - Service fee-based contracts
 - Time and materials
 - Risk share
- Invoicing Process
 - We will invoice monthly in arrears based on the total number of days in that calendar month. Invoices will be payable within 30 days.
- This document provides our day rate card applicable to all Spotpush Associates G-Cloud 13 services, with reference to the Skills For the Information Age (SFIA) Definitions rate card template

Rate Card

Notes to accompany the rate card consistent with G-Cloud standards. The daily rates are based on the following assumptions:

- The rates are exclusive of VAT.
- Consultant's Working Day is eight hours exclusive of travel and lunch.
- Working week is Monday to Friday excluding national holidays.
- The rates are valid for a period of 12 months from the Effective Date of the G-Cloud 13 framework agreement.
- The rates are subject to the availability of suitably-skilled resources.
- Travel and subsistence within 20 miles of a clients head office is included in the day rate. Travel and subsistence outside of this boundary is payable at the Contracting Body's standard policy rates.
- In situations where, by mutual agreement between Spotpush Associates and the Contracting Body, the rate card is used for Fixed Price deliverables a premium may be added to reflect the requirements of such an arrangement.
- The Contracting Body should handle the Charges and terms on individual Call-Off Orders as commercially sensitive.

Volume Discounts

Notes to accompany the volume discounts. The volume discounts above are based on the following assumptions:

- The volume discount applies to all effort over and above the threshold of £1,000,000, and where pricing is calculated based on resource-days, in each individual Call-Off Order.
- The volume discount will continue to apply above the higher thresholds, but for avoidance of doubt these are not cumulative volume discounts. For example, a call-off worth £3,000,000 would benefit from a 1.75% discount on the £1m between £1,000,000 and £2,000,000 (which equates to a discount to the value of £17,500) and a discount of 3.5% for the value above £2,000,000 (which equates to a discount to the value of £35,000). The total discount in this case would be £52,500.
- Volume discounts apply to work under this Service Description and individual Call-Off Order only and are not retrospective. If a call-off variation is requested, the volume discount would not apply.
- Other pricing mechanisms may be possible depending on the nature of the engagement.
