501+	£28,000	£70,000	£5,300	£4,600

Commercial Notes

1. License Fees are determined by hospital size (bed count) and service level.
   a. Example: 175 Bed Acute Stroke / PCI Hospital = £24,500 License Fee.
2. The License and Service Fees are subscription-based and recur annually.
   a. Onsite Professional Services are not required for delivery of the Services or Implementation.
      i. Onsite consultancy is available upon request for £1,700 / day.
      ii. Professional Service travel, mileage, and subsistence are payable at Department's standard rate.
3. Prices are exclusive of VAT.
4. Prices are reviewed annually.

pulsara®

Unite Regional Care Teams

With Pulsara **UNITED**, ambulance teams can instantly and seamlessly communicate event-based patient information, including one-tap team notifications, image sharing, audio/video calls, ETA alerts, etc. right from the Pulsara platform.

Quickly start a case, share important details (like the EKG or images from the field) and receive instant feedback as soon as the case is closed. Pulsara simplifies workflows, replaces the radio report, and enables emergency services to be a connected part of every patient case.
