G-Cloud NEC Housing

Pricing Document

Please refer to the Service Definition for a definition of the core service and additional optional module packages.

The NEC Housing Standard G-Cloud Service is available as:

1. NEC Housing Software as a Service (SaaS).
2. NEC Housing Private Cloud (an on-premise, or separately procured, private cloud).

NEC Housing

Please refer to the Service Definition for a definition of the core service and additional optional services.

The NEC Housing G-Cloud Service charge comprises:

- An initial one-off on-boarding charge.
- An ongoing Monthly Subscription Charge (based on the number of properties), payable quarterly in advance.

On-boarding charges

Description	On-boarding Charge
NEC Housing SaaS Standard Service	£26,880

The on-boarding charge for NEC Housing SaaS covers the initial set-up of the hosting environment for the standard G-Cloud Service.

Services including implementation, configuration, integration with third party systems, data services, for example data migration, are not included. All additional on-boarding activities will be agreed with the client and charged in accordance with the NEC SFIA Rate Card.

Clients wishing to procure additional options, as defined in the Service Definition, will be subject to additional on-boarding costs.

On-boarding charges are payable on order.

Organisations wishing to host in private cloud / on-premise should contact NEC to discuss requirements.

Recurring subscription charges

The recurring subscription charges, payable quarterly in advance are based on a price per property per month:

Description	Monthly Subscription Fee
Organisations with between 5,000 and 9,999 properties	£8,703
Organisations with between 10,000 and 19,999 properties	£13,541
Organisations with between 20,000 and 29,999 properties	£15,652

Customers are allocated the following storage space in the NEC Cloud environment:

- 5,000 to 9,999 properties – 1,500GB
- 10,000 – 19,999 properties – 2,500GB
- 20,000 – 29,999 properties – 3,500GB.

Additional modules and services, as described in the Service Definition, can be purchased at additional cost.

Organisations with under 5,000 or over 30,000 properties should contact NEC to discuss requirements.

Organisations wishing to host in private cloud / on-premise should contact NEC to discuss requirements.

Additional resources

The standard NEC Housing G-Cloud service is provisioned with standard infrastructure to support typical storage and bandwidth requirements. Additional storage, bandwidth, fixed communications lines and additional resilience can be provided as required and will be subject to additional cost.

	On-boarding	Monthly Subscription
Bandwidth, per 1Mbps	£660	£44
Data storage (live), per 100GB	£110	£55
Consultancy	SFIA Rates	N/A

Please contact NEC to discuss specific requirements and pricing.

Additional Support Services, as defined in the Service Definition can be purchased at additional cost, based on SFIA rates.
