Pricing Document

Please refer to the Service Definition and Supplier Terms for details of the core service and additional optional packages.

Cloud Resources

Private cloud resources can be purchased from NEC, these will be based upon the level of compute and storage resources. Public cloud resources can be provided by the buyer or via NEC.

Service Packages

We provide packages of consultancy for the design and on-boarding of cloud services for both NEC private cloud and public cloud. These are based upon the NEC SFIA Rate Card and include:

- Planning
- Setup and Migration
- Quality Assurance and Performance Testing
- Security Services
- Ongoing Support.

As part of the customer engagement we undertake an initial assessment and will provide a price for the above services. The following types of consultancy are available within the service packages:

- Technical Design
- Security
- Networks / Communications
- Cloud Configuration
- Cloud Monitoring
- Client Service Management.
