

Victoria Forms

VF Creator

Electronic Cloud-Based Forms System

Guideline Pricing

The VF Creator Solution from Victoria Forms is charged as an annual licence fee* for Enterprise Forms Server & VF Creator.

Setup, configuration and custom support for additional modules including: form templates, forms design software, Offline Forms, Statistics Module, Document System Integration, various Back-Office/third party solution Integrations, Payment System Integration, Processes, Campaigns, Advanced Signatures etc. will be charged at our Standard Rates (see below).

Pricing per service area is based on the number of users:

£500 system subscription per service area, per year
+ £100 per user, per year

For Local Government, pricing is per service area, and is based on the population served, as determined by reference to the 2011 National Census:

Population	Annual Subscription (per service area, per year)
Up to 50k	£1,500
50k to 100k	£2,000
100k to 150k	£2,500
150k-200k	£3,000
Additional 100k population	+ £1,000

For customers who already have Victoria Forms Enterprise Forms Server and wish to add VF Creator to allow their organisation to design your own forms, the Annual Subscription will cover the implementation of the VF Creator Word Add-In and a Conversion Component for your existing Enterprise Forms Server Setup.

Population	Annual Subscription for existing users of Victoria Forms (per service area, per year)
Up to 50k	£1,000
50k to 100k	£1,500
100k to 150k	£2,000
150k-200k	£2,500
Additional 100k population	+ £500

Standard Rates:

Covering: System Setup, support, forms design, customisation, custom software development, training, report writing, system configuration, system monitoring, consultancy, project monitoring, form templates, forms design software, Offline Forms, Statistics Module, Document System Integration, various Back-Office/third party solution Integrations, Payment System Integration, Processes, Campaigns, Advanced Signatures etc.:

- £900 per day off-site
- £1,000 per day on-site
- £150 per hour

*A single licence covers use of Victoria Forms Services within a single Service Area, which is a distinct administrative functional area in which forms are grouped and processed, within an organisation.
