# 1. Evotix Assure Environmental Assessment Software Pricing

The Evotix Assure Environmental Assessment Software is priced at **£9,995 +VAT per annum**.

This includes:

- License for 50 management seats.
- Support, which includes:
  - Inclusive service requests e.g., data imports, scripts (bulk updates, relabel records, bulk delete).
  - One-off implementation services and configuration, including training.
  - Ongoing change management support and customer engagement.
  - Adoption pack; self-service internal promotional pack to aid embedding systems, managing change, engaging workforce, measuring ROI.
  - Shared Customer Success Manager, email requests via support portal.
  - Individual customer success plan developed.
- Maintenance.
- Automatic updates.

Available separately, the AssureGO+ app provides unlimited, unlicensed user access to the Environmental Assessment Module for end user reporting. **Please see our additional listing for the Evotix Assure Core and Safety App.**

The price for Evotix Assure Environmental Assessment is based on an organisation size of up to 500 employees. Should your business be larger than 500 employees, please get in touch.

## 2. Solution Discounts

Each Assure module works standalone but integrates powerfully with others to provide you with a complete, integrated solution. Evotix also offers solution packages tailored per industry, also found on G-Cloud.

Combining individual modules into a solution that meets your requirements will allow you to accumulate 'seats' to access the system. Should you not require access for this increased

number of users, seats can be discounted to reduce the overall purchase price of your tailored solution. Please contact Evotix to discuss these options.

## 3. Training

Online training via webinar is priced from **£950 +VAT per day**. To gain maximum benefit we recommend a classroom size limit of seven users, however we can deliver multiple webinar sessions per day in order to reach a larger audience.

Assure has been designed with the user in mind, combining an intuitive consumer style interface with a corporate strength backbone. As a result, it meets business requirements while being straightforward and intuitive to use – not just by experts but by your organisation at large.

Administrator training is delivered organically throughout the implementation process as we collaborate on the configuration of the solution with your project team. All licensed users of Assure have access to our Knowledge Base, which contains a variety of help videos and articles.

## 4. Existing Data Import

Extracted data from any legacy system can be imported into Assure; the customer is responsible for formatting/reformatting their historic data into the required format to be imported. Data import is priced from **£3,000 +VAT**. Please contact Evotix to discuss your data import requirements.

## 5. Additional Seats

Should you require more users to access the data in the system, additional licenced seats can be purchased alongside the module, starting from **£995 +VAT for a bundle of 50**. Please contact Evotix to discuss your additional seat requirements.

## 6. Support

Included is our standard support offering, which includes access to our Technical Support Desk between 8.30am–5.30pm, Monday to Friday.

Should you require additional support outside of these hours, or any services not included in our support listing above, please contact Evotix to discuss.
