Public Sector, Charitable Organisations, and Education

May 2024

Preferred pricing for Public Sector, Charitable Organisations, and Education

For all qualifying organisations we provide a 10% discount off our standard pricing which has been included in the pricing below:

Pricing for the LPMO service is on an annual subscription basis.

The annual fee is based on the overall volume of employees in your operation (department or organisation) for which the service is set up

Subscription fees are payable annually in advance.

- Minimum term of 12 months.
- Discounts applicable to multi-year agreements
- Subscription covers all set up and hosting of The Anywhere Platform, maintenance, and technical support.
- Training of Administrators
- Monthly technical change management.

Service	Scope
PPMAnywhere	PPMAnywhere includes all software licensing, hosting and support. This includes all related infrastructure, TAC developed PPMAnywhere platform, and related systems monitoring and management software. Set up and ongoing post go-live 24/7 technical support.
Business Support	Built in facility for end users to raise usage specific questions: • Helps end users improve maturity and data quality by providing them with 'how to' support and assisting them in overcoming specific challenges they have. • Engage with our team via chat, email, and support tickets Other support channels include dedicated phone line, email in-box and service request creation from within PPMAnywhere.
Compliance and QA	Chasing Data: Our PMO analysts will chase project status reports and timesheets on a weekly basis, to ensure you have the highest quality and accurate project, programme, portfolio and financial data available for your reports. Quality Assurance of Data: Our analyst's quality assure the information provided by your project managers and identify missing or incorrect information. Provides independent validation of your data Supports your users in the system and coaches Users through the reporting cycle.

	TAC team running the processes (both onsite and remotely) to generate the project, resource and portfolio reporting required via the LPMO Service, in order to demonstrate strategic value of automation and transparency of data.
Data Administration	TAC team to provide support for the management of new, change and leaving users of the PPMAnywhere system.
Training Service	Scheduled On-Site or remote Training: Classroom training provided by experienced PPM consultants using real world examples, reinforced by practical hands-on exercises. Designed to fast-track your learning and provide relevant business context
Changes & Enhancements Programme - Monthly	Changes and Enhancements Programme – Keeping your PMO/PPM system in line with its evolving business needs is vital in maximising business value. Provided using an industry standard change process; managed and implemented on a monthly basis to cover Minor Change and led by one of TAC's Senior Consultants.
