- All invoices will be payable within 30 days. VAT is not included in our rates.

Testimonials

> “ LRQA Nettitude are highly knowledgeable in their field. They are very responsive to requests and able to explain highly technical matters to a wide range of audiences with differing levels of understanding. They are very diplomatic when delivering results and excellent at managing and developing working relationships with all stakeholders involved in projects. ”
>
> **Public Sector Client**

> “ LRQA Nettitude are very professional. Account Management is fantastic both in terms of service and response times. Technical resources are adept and look to provide value for money rather than just completing the project. ”
>
> **Finance Industry Client**

> “ It is a great experience when working with LRQA Nettitude to deliver our programme of security testing activities, they have always gone the extra mile to support us. Our Account Manager always takes the time to listen to our feedback, respond to our requests, and make sure we get the right people to work with on our requirements. The testing team are great, they really understood the scope of requirements, are pragmatic with their findings and take the time to discuss remediation. ”
>
> **Finance Industry Client**

> “ We have received good support from our Account Manager. Penetration Testers are clear in what they want and clearly explain what they find. The reports written for different audiences are particularly helpful. ”
>
> **Finance Industry Client**

> “ Working with our Account Manager and the LRQA Nettitude team has always been a great experience. They have always taken the time to help us find ways to improve our cybersecurity and we come away from each engagement with everything we need for continued success. ”
