

G-CLOUD 14 PRICING

Nexer is a human-centred research, design and development company. We are part of the Nexer Group, a 2000-strong IT services company with offices throughout the world.

We take an inclusive approach to improve the usability and accessibility of digital products and services, including websites, intranets, mobile apps and software. We can help you kick start new ideas or improve what you already have.

The rates provided are our standard day rates. Discounts may be available for larger programs of work, dedicated teams and the placement of resources.

Please contact Shaun Gomm, Commercial Director, on 01625 427718 or shaun.gomm@nexergroup.com
