# Service Pricing

## Pricing

1. This service is priced according to the scope of service that will be established with the Service Consumer/Buyer in response to a selection clarification question, an order form or RFQ. Establishing an accurate scope of work will enable an accurate quotation to be given and a Firm Price offered.
2. The resource requirement, their consultancy grades and the required timescale will be agreed during scoping of exact requirements. Resources will be charged in accordance with the agreed SFIA rate card applicable to this service offering.
3. Two pricing options are available as mentioned above:
  - Firm price. The firm price will be based on the anticipated resource requirements including provision for risk. Provision for travel and subsistence cost will be made. Payment will be required against achievement of agreed milestones. Details will be specified in a firm priced quotation provided and agreed before service commencement.
  - Limit of liability. The limit of liability will be agreed based on an anticipated resource requirement. Charges will then be made monthly in arrears against resource effort expended. A limit of liability will also be agreed to cover travel and subsistence. Travel and subsistence costs will be charged at cost (including the Authority's Management Charge) monthly in arrears against cost incurred.
