What We Are and What We Do

Caja is an innovative business transformation consultancy, located on Keele University Science Park. With a profound focus on organisational optimisation, (strategy, Process, Technology & People) business & digital change, for successful evidenced based outcomes, our expertise is underpinned by robust governance and programme management, data & behavioural science, challenge, knowledge sharing, and transfer.

WHO ARE
CAJA

Our collaborative approach begins with a deep understanding of your vision and goals, delving into the intricacies of your environment and organisation, and ensuring that there is a shared understanding of your strategic priorities.

Our experienced senior resources are leaders in their respective fields, pooling a breadth and depth of knowledge and experience from across the private and public sectors. Our directors, all of whom have previously held senior roles in large global professional services, outsourcing and transformation businesses, manage the Caja community and are dedicated to ensuring that all our clients receive consistent high-quality outcomes, underpinned by robust quality assurance frameworks.

Vision

Our vision is to be the industry leader in business transformation, continually setting benchmarks for innovation and excellence in service, impacting a broad spectrum of industries including public, private, health, and education sectors.

Mission

Caja is committed to driving sustainable transformation and solving complex problems through innovative, tailored solutions that combine people-led processes and advanced technology, enhancing business success across diverse sectors.

Caja leverages the expertise of over 140 business consultants across various industries to offer a robust alternative in the market, driving real and sustainable change.

Our entrepreneurial spirit fosters strategic technology partnerships in areas like digital transformation, AI, robotics, and cybersecurity.

Our team's vast experience spans local and central government, the charitable sector, and private industries, aligning organisational capabilities with strategic visions.

OUR EXPERIENCE

At Caja, we pride ourselves on crafting tailored solutions that drive success and innovation. The following case studies are a testament to our strategic approach, showcasing the significant impacts we have achieved in partnership with our clients. Each example highlights our commitment to transformative solutions and the real, measurable benefits our clients have experienced.

FURTHER EDUCATION **SOLUTIONS**

Caja provides specialised transformation services for Further Education Colleges, utilising digitisation and cloud platforms to develop the 'Smart Campus' concept. This approach spans the entire student lifecycle, teaching methodologies, and professional services, thereby revolutionising the learning experience and delivering substantial business benefits. We expertly facilitate the design of operating models, digital and technology implementation, process development, and organisation and change management to ensure a seamless transition and impactful results.

Our service features include a streamlined 'End to End' integrated approach to managing the student lifecycle,

ensuring that every phase from admission to graduation is efficiently coordinated. We provide SMART insight data for students, enhancing learning outcomes and personalisation of the educational experience. Our services also focus on creating effective and cost-efficient support services, optimising the use of technologies to maximise functionality and reduce waste.

The benefits of our transformation services are significant. They lead to improved management of students by providing educators and administrators with better tools and data, resulting in a more supportive and responsive educational environment. Additionally, the cost of professional services is reduced through more efficient processes and the elimination of redundant systems. The overall management of processes is enhanced, making operations smoother and more effective. Furthermore, our approach fosters an agile learning environment that adapts to the needs of students and the demands of the modern educational landscape, making it more dynamic and responsive to technological advancements.
