Service Pricing Model: Atlassian Application Licensing

Introduction

Atlassian offers a wide range of applications to enhance its core products, through the Atlassian Marketplace: <https://marketplace.atlassian.com>

Our Atlassian Application Licensing service provides a simple, fixed price procurement route for GCloud 14 customers who need Atlassian Marketplace application licences but are either unable to or do not want to buy them directly from Atlassian.

The list prices given in this Service Pricing Model document are inclusive of:

- Licensing guidance, providing impartial advice on the most cost-effective application licences and licencing model for your circumstances.
- Licence procurement.
- Licence renewal reminders.
- Cataloguing and record-keeping of all Atlassian Support Entitlement Numbers (SENs) and other relevant license information on your behalf.

This document sets out the pricing model used for this service. All prices given in this Pricing Model are exclusive of VAT.

Pricing Model

Points	Standard
Per Point	£1

Each point can be purchased at a price of £1 per point, inclusive of all fees, exchange rate transfers and other costs. Points can be used to purchase any published Marketplace Application at the rate of one point to \$1US at the prevalent price on the Atlassian Marketplace. Points must be paid for in advance and can only be used to purchase application licenses through the Atlassian Marketplace.
