Functionality Checklist

Functionality	Features	
User-Friendly Portals	Nurseries, childcare providers, and individual learners have dedicated portals tailored to their specific needs. Nurseries can easily sign up, manage bookings, access certificates, and administer courses for their staff. Individual learners can browse available courses, book attendance, and access course materials.	✓
Versatile Course Offerings	We offer a diverse range of courses including First Aid Training, Child Safeguarding, Early Childhood Development, and more. Courses can be single-day or multi-day, and available in both virtual and in-person formats to accommodate various scheduling needs.	✓
Customized Learning Paths	Childminders and nursery staff are provided with tailored course recommendations based on their specific roles and responsibilities. Individuals interested in becoming childminders have access to courses designed to meet the unique requirements of home-based childcare.	✓

Streamlined Booking Process	Our intuitive platform simplifies the course booking process, saving time and reducing administrative burden. Nurseries can easily manage multiple bookings and track staff participation, ensuring all essential training requirements are met.	✓
Flexible Learning Options	With virtual and in-person course options, learners can choose the format that best suits their schedule and preferences. Childminders and nursery staff have access to courses tailored to their professional needs, fostering continuous growth and development.	✓
Shopping Basket	Saves baskets for bulk checkout of courses. Discounts and promo codes can be applied at checkout.	✓
Checkout & Payments	Customers are taken to a secure payment engine, which can be configured quickly with Capita, HeyCentric, or a preferred payments engine. Payments can be staged to avoid large sums at checkout. Booking confirmations are sent via email, with links for cancellation, rescheduling, or ancillary additions.	✓
Enhanced Compliance and Certification	Our service facilitates easy access to course certificates upon completion, ensuring compliance with regulatory standards. Nurseries and childcare providers can demonstrate a commitment to staff development and safeguarding practices.	✓
Emails	Branded Emails are used for all bookings, and reminders for upcoming bookings.	✓
Admin Controls	Admins can add, edit, or cancel bookings; manage courses and schedules; and generate reports. The system provides detailed records on orders, transactions, and bookings.	✓
GDS Principles	All components are designed according to Government Digital Service (GDS) principles, ensuring accessibility and compliance with WCAG guidelines.	✓
Customisable Theming	The portal or microsite can be themed to match the customer's preferences. This can range from a corporate design resembling standard local authority sites to a standalone brand for marketing purposes.	✓
Integrations	Integration with partner GIS systems such as ESRI for map views and transport details. Active Directory integration for staff access can also be added where available.	✓
Responsive Design & Web App	The portal features a fully responsive design and runs as a super-fast, optimised web app, giving it an app-like quality that users love.	✓
Scalable Solution for Growth	Whether setting up a new pre-school, expanding an existing nursery, or embarking on a career in childcare, our service scales to meet evolving needs.	✓

About Us

We are a UK-based firm focused on quality and service delivery; ISO 27001 certified. This certification means our systems and processes adhere to rigorous standards for information security management, ensuring data protection and compliance.

System

We pride ourselves on developing all our products in-house, maintaining high standards and avoiding outsourcing overseas. Our commitment to customer satisfaction and service is integral to our approach, with strong client relationships leading to successful digital transformations.

We have proven ourselves as masters of digital transformation in local government, offering our expertise in customising products to the unique needs of each customer. Our goal is to deliver comprehensive solutions, ensuring stakeholder satisfaction and guiding clients on the path to digital transformation.

Get in Touch

Brochures can only go so far – our working products need to be demoed to see the full extent of their capabilities. We stand by everything we say, and if you still have any doubts, we can connect you with existing customers and users of our app for real testimonials about its functionality, performance, and our second-to-none product support, with direct access to our designers and developers.
