### PTP Approach to pricing – How to buy

- **Initial Consultation:**
  - For each new engagement, PTP will initiate a conversation via email and/or call to understand your service requirements. This serves as the introduction call.
- **Scope of Works (SOW) Creation:**
  - A PTP technical consultant will review all relevant information and create a detailed Scope of Works (SOW). This document will include any necessary prerequisites.
- **Proposal and SOW Delivery:**
  - PTP will send a comprehensive Proposal/SOW, specifying:
    - Duration
    - Cost
    - Grade of consultant required
    - Proposed dates (if already discussed)
- **Pricing Calculation:**
  - Pricing will be determined based on the number of days required to deliver the services using the service day rates.
