

1 Pricing Document

1.1 Pricing Note

This support service is for Fire and Rescue services that have invested in the Microsoft Power Platform by providing pre-configured solutions to upload, system configuration and customisation and data integration and migration support.

Scoping and discovery activity must be undertaken to determine the level of resources and support services required. This work is chargeable using the day rates provided, please refer to our G-Cloud SFIA rate card for pricing.

Ongoing annual support must include a license to use all pre-built managed solutions that have been created by Active Informatics Ltd and uploaded.

1.2 Contacts

For further information concerning this, or any other Active Informatics Ltd services offerings available through G-Cloud, please contact info@activeinformatics.com
