AWS Products and Service Pricing

Dotsquares Pricing for AWS starts at £0.00 since there is a free option for all AWS Services.
For more information see <https://aws.amazon.com/free/>

Pricing for AWS depends on a wide range of factors, and no single price list is published.

- AWS has pricing for all its services at <https://aws.amazon.com/pricing/> please refer to this for all pricing options.
- To estimate pricing for a particular service, AWS provides a pricing calculator at <https://calculator.s3.amazonaws.com/index.html>
- For further assistance on AWS pricing please contact <https://www.dotsquares.com/contact>
- Pricing for support management service

Dotsquares server support management fees	£100+VAT Per month Per instance
---	---------------------------------

Terms*: The above pricing is given for support management for one instance , the actual price may vary based on the scope of work for support or number of instances .

Cloud hosting and reseller services

- Pricing:

Pricing will depend on the public cloud provider chosen (including AWS, Azure, GCP)

Public cloud providers provide pricing for their services online. As an example, AWS publishes pricing for their services at <https://aws.amazon.com/pricing/>

- Terms and Conditions (T&C):

T&C provided by the public cloud provider follows. As an example, for AWS, the T&C are published online at <https://aws.amazon.com/service-terms/>

- Reseller Agreements:

Buyers can leverage the reseller agreements that Dotsquares has in place with the public cloud provider. This includes pricing and T&C components. Further details can be made available on request and in confidence.
