Service
definition

Global Resourcing is a leading provider of consulting services to the public and non-profit sectors via the G-Cloud and DOS frameworks, and direct relationships.

We have an exclusive focus on complex programmes with digital, data and technology challenges, and we're on a mission to be the most responsible and **customer-centric** business in our industry.

The process

Complimentary discovery

SOW formation & commercials

Diagnosing the 'what'

Understanding the 'why'

Delivering the 'how'

Our consultancy services

Global Resourcing offer a range of innovative delivery services to SOW. We deliver high-calibre and fully compliant and insured services at a responsible price point, leaving you with tangible outcomes not presentations and paperwork.

- Rapidly engage users & optimise experience
- Drive satisfaction & productivity
- Reduce overheads
- Reposition IT as an enabling function
- Solve shadow IT deployments
- Access via flexible resourcing models

Ask us for our track record or a business case to demonstrate return on investment.

CxO as a Service

Our flagship services employ highly experienced Consultants with specific in-house sector experience including GDS itself.

This gives you expert advice to deliver progressive digital, data and technology enabled business strategies, and transformation, across a range of specialist areas.

We provide insight into your current organisational, technology, service and commercial context and give you the tools to establish an appropriate strategy for your overall organisation. Our red teams are then able to begin addressing your challenges and delivering change at pace if required and requested.

We offer this service up to and including DV level security clearance.

Talent consultancy & org. design

Tapping into over 26 years of experience and a team of dedicated experts from our recruitment business, we work closely with you on a range of aspects to find, retain and power the talent in your organisation. Our services include:

- Salary benchmarking
- Target Operating Model design
- EVP and retention analysis
- EDI advisory
- Career advisory
- Coaching
- Microsites
- Response management
- Events
- Payrolling
- GDS framework skills mapping
