7. Set strategy, inspire, mobilise	1450	1250	1200	1100	1200	1300

Pricing Information

Codec's delivery model has had to adapt with changing customer working practices post-Covid. We recognise the need to be flexible and to integrate quickly with our customer's ways of working.

Whilst remote working is typically the norm, we do like to get greater collaboration and establish tightly knitted teams through onsite presence. Typically discovery and design phases are best suited to in-person. Where remote working takes place or from their specified office 'base' location, these costs are included within our day rates.

Codec will endeavour to place consultants that are local to the area in which work will be undertaken, so no or minimal expenses would be incurred.

- **Consultant's working day:** 8 hours exclusive of travel (within 2hr commute each way) and lunch
- **Working week:** Monday to Friday excluding national holidays
- **Office hours:** 9:00am to 5:00pm Monday to Friday
- **Travel, mileage subsistence:** Not included, Company travel and expenses will apply when appropriate
- **Mileage:** As for travel, mileage subsistence
- **Professional indemnity insurance:** included in day rate

Where required Codec are able to offer pricing and manage your Microsoft Licensing agreements as well as Microsoft Cloud subscription costs for Azure services. For information, please let us know and we will work with you to tailor the best possible pricing model.

Costs associated to licenses and azure or 3rd party services will be clearly defined within our statements of works, and do not form any part of our day rate costs.

Impact, delivered
