CLOUD IDENTITY INTEGRATION

INTRODUCTION

i15 is a consultancy, and solutions partner, founded by a dedicated group of IT professionals with a collective 80+ year track record of successfully designing, engineering, integrating and supporting IT systems in top tier financial services, telecommunications and government offices.

Experience from all sides of design and governance processes means we are well placed to understand and navigate the challenges associated with the adoption of new systems, lifecycle management of existing and maintenance of legacy technology in a demanding environment.

Independent and technology agnostic, we appreciate that change is the only constant. As technologies, requirements, delivery models, and organisational structures evolve, so too must IT service delivery. What's right for one client might not be optimal for all; i15 will work with you to understand your organisation, operating model and goals.

Delivering the skills required to achieve a stable, scalable and supportable infrastructure with professional resources across all disciplines, the team have a background in executing against challenging requirements that allow i15 to deliver an agile, cost efficient service tailored to your needs and timescales.
