2i Standard Rate Card - G-Cloud 14

The development of long-term partnerships with our clients is core to the 2i approach and this can be reflected in chargeable rates.

G-Cloud Roles	Rates	
	From	To
Programme Director / Head of Testing	£875	£1150
Programme Manager / Test or QA Architect	£770	£950
Technical Architect / Solution Architect	£695	£880
Project Manager / Test Manager	£545	£875
Automation / Tech Test (NFT) / SDET Lead	£525	£775
Automation / Tech Test (NFT) / SDET Analyst	£465	£635
Manual QA Lead	£425	£600
Manual QA Analyst	£410	£550
Business Analyst	£360	£600
Graduate QA Analyst / Automation Analyst	£290	£395*

* as part of 2i's commitment to the industry, we have a formal graduate apprentice scheme. Days charged and rate will be dependent on the stage of the programme the graduate has reached and agreed with the client in advance.

Notes:
All prices exclude VAT, which will be charged at the prevailing rate.
The above rates are for on-site resources & include expenses for services delivered to the nominated client office.
Overtime, plus Travel and subsistence for work in other client locations is excluded & can be charged to client with pre-approval.
Volume / resource combination discounts can be negotiated, for assignments >6 months / >5 resources.
Fixed Price / Time and Materials / Outcome based pricing can be discussed, based on client's requirements and scoping/discovery.
The pricing assumes the roles to be outside of IR35.
