### What's Included

As part of the initial set-up training is provided for free. This can be remote or face-to-face. Additional training can be provided with no charge as required.

As part of any group purchase, a discretionary annual allowance is allocated for additional free training at renewal. These training days can be used however you wish for Group, Medicines Management, Locality, PCN, ICB, User Group or Practice training.

Practices migrating from SystemOne to EMIS Web (or vice versa) who are not on Resource Publisher/Ardens Pro will be charged a full set-up fee of £995.

Additionally, if your practice migrates from SystemOne to EMIS Web (or vice versa) and you wish to continue to use Ardens, your subscription can be transferred onto your new IT system for a reduced one off set up fee of £295.

Ardens do not cover SystemOne and EMIS Web costs.

The annual license fee covers product development, maintenance, and support.
