# CLOUD ADOPTION

## TRANSFORMING DATA INTO STRATEGY

Unlock the future of your business strategy with NWT's comprehensive Cloud Adoption services. Our offering is designed to revolutionize your approach to data management and analytics, ensuring that every decision you make is informed, strategic, and cost-effective. With our bespoke Cloud Analytics service, you'll harness the power of real-time data analysis to identify key cost-saving opportunities, optimize your resource allocation, and drive your sales strategy forward. Whether you're looking to streamline your cloud operations across platforms like AWS, Azure, and Google, or elevate your cloud efficiency with our specialized services, NWT guarantees maximized return on investment, unparalleled cost control, and scalable solutions tailored to your unique needs. Elevate your enterprise's cloud experience with NWT's promise of quality, timeliness, and unmatched value.

## DESCRIPTION OF WHAT NWT'S EXPERIENCE IN THIS AREA

### FEATURES

- Comprehensive Cloud Analytics for strategic insight and cost management.
- Real-time data analysis identifies immediate cost-saving opportunities.
- Scalable solutions ensure cost efficiency across all business sizes.
- Advanced cost prediction leverages Cloud Analytics intelligence.
- Cost transparency across services for informed decision-making.
- Automated tools optimize costs without sacrificing performance.
- Efficient allocation detailed through Cloud Analytics insights.
- Streamlined Cloud Operations across AWS, Azure, Google platforms.
- Expert Cloud Infrastructure and Platform Management for peak efficiency.
- Customizable Cloud Operations - tailored to your unique operational demands.

### BENEFITS

- Significantly lowers operational expenses and enhances cost efficiency.
- Provides scalability to accommodate business growth effortlessly.
- Reduces risk with robust cloud infrastructure resilience.
- Cuts down IT infrastructure investment, optimizing capital use.
- Enables quick, informed decision-making through real-time analytics.
- Fosters innovation with flexible, customizable cloud solutions.
- Streamlines operations, reducing complexity and indirect costs.
- Improves security posture, minimizing business risk.
- Facilitates global collaboration with seamless data accessibility.
- Boosts ROI with efficient resource utilization and management.

# WHY NWT?

Choose NWT for unparalleled expertise in Cloud Adoption, where our 25+ years of IT innovation converge with cutting-edge analytics and cloud solutions. Our proven track record guarantees success, cost efficiency, and operational excellence. Partner with us to harness the power of the cloud, tailored precisely to your business needs, ensuring you stay ahead in a rapidly evolving digital landscape.

NWT stands out in the IT consulting and services landscape for its unique blend of experience, innovation, and commitment to excellence. With over 25 years of IT expertise, NWT was born from a mission to redefine project success and halt failure in its tracks. Our approach combines meticulous planning, state-of-the-art analytics, and cloud solutions, ensuring projects not only meet but exceed expectations.

Our portfolio is rich and diverse, catering to startups, SMEs, and large enterprises across various sectors. At NWT, we understand the intricacies of cloud migration, workplace transformation, and platform deployment, offering services that are both rigorous and flexible. This adaptability ensures maximized ROI, cost-efficiency, and minimal risk for our clients.

With a stellar track record in delivering projects on time and within budget, NWT's team of exceptional talents uses diligence and precision to navigate and resolve the most complex challenges. Our work with ServiceNow deployments and cloud adoption showcases our ability to leverage technology for operational excellence. Choose NWT to partner with a company that guarantees not just service but a promise of quality, timeliness, and unparalleled value.

# REALIZING POTENTIAL

## NWT USE CASES ACROSS INDUSTRIES

### Use Case 1: Cloud Migration for Healthcare

**Problem:** A healthcare provider faced challenges with data accessibility and scalability. Their legacy systems could not handle the increasing volume of patient data, leading to inefficiencies in patient care and operational bottlenecks.

**Solution:** NWT proposed a comprehensive cloud migration strategy to transition their data storage and applications to a secure, scalable cloud platform.

**Approach:** We conducted a thorough assessment of the current IT infrastructure, developed a phased migration plan to minimize disruption, and implemented robust security measures to protect sensitive patient information. The migration was supported by training for staff to ensure a smooth transition.

**Benefits:** The healthcare provider experienced improved data management and accessibility, enabling faster decision-making and better patient care. Scalability issues were resolved, allowing for future growth. Enhanced security protocols ensured compliance with healthcare regulations.

### Use Case 2: Digital Transformation for Retail

**Problem:** A mid-sized retailer struggled with an outdated online presence and inefficient inventory management, affecting sales and customer satisfaction.

**Solution:** NWT introduced a cloud-based platform integrating e-commerce and inventory management systems, leveraging real-time analytics to optimize stock levels and sales strategies.

**Approach:** We customized a cloud solution that provided scalability for online traffic, integrated with existing POS systems, and utilized data analytics for inventory insights. The project included staff training and post-deployment support.

**Benefits:** The retailer saw a significant increase in online sales, improved customer satisfaction through better stock availability, and reduced operational costs due to more efficient inventory management.

### Use Case 3: Scalable Infrastructure for FinTech Startups

**Problem:** A FinTech startup anticipated rapid growth but was constrained by its IT infrastructure's scalability and security concerns, critical for user trust and regulatory compliance.

**Solution:** NWT devised a scalable, secure cloud infrastructure tailored to FinTech requirements, incorporating advanced data protection and regulatory compliance features.

**Approach:** Starting with a security and compliance audit, we selected a cloud service that offered scalability, data encryption, and compliance with financial regulations. We implemented a continuous integration/continuous deployment (CI/CD) pipeline for faster feature rollouts and updates.

**Benefits:** The startup benefited from scalable infrastructure that supported rapid growth, enhanced security features that built customer trust, and compliance with financial regulations. The CI/CD pipeline enabled quick adaptation to market demands, fostering innovation.

**OUR COMMITMENT TO EXCELLENCE IN IT SERVICES TRANSFORMS YOUR CLOUD ADOPTION JOURNEY INTO A STRATEGIC ASSET. WITH OVER 25 YEARS OF INDUSTRY LEADERSHIP, WE PROVIDE A SEAMLESS BLEND OF INNOVATION, PRECISION, AND PROACTIVE PARTNERSHIP. AT NWT, YOU CAN ANTICIPATE A HANDS-ON EXPERIENCE THAT PRIORITISES YOUR BUSINESS'S UNIQUE NEEDS, ENSURING PROJECT SUCCESS THROUGH OUR ADAPTABLE AND RIGOROUS FRAMEWORK. OUR ONBOARDING AND OFFBOARDING PROCESSES ARE DESIGNED TO EMPOWER AND UPHOLD YOUR LONG-TERM SUCCESS, MAKING NWT THE DEFINITIVE CHOICE FOR YOUR IT CONSULTING AND CLOUD SERVICE NEEDS.**

**What to Expect from NWT:**

Embarking on your cloud journey with NWT, expect a partnership dedicated to precision and diligence. You'll experience a blend of innovation and seasoned expertise, ensuring your projects transcend traditional success metrics. Our hands-on approach will guarantee not only a smooth transition to cloud-based solutions but also continuous support and strategic guidance, designed to maximize your ROI and elevate operational excellence.

**Our Way of Working:**

NWT's method is rooted in collaboration and adaptability. We employ a governance framework that is both rigorous and flexible, allowing us to tailor our services to your unique needs. Our team, equipped with best-in-class tools and techniques, works closely with you to identify and implement solutions that deliver measurable results, on time and within budget.

**Our Onboarding Process:**

Your journey with NWT begins with a comprehensive assessment to align our expertise with your business objectives. We focus on understanding your challenges to tailor a strategy that fits. Through a seamless onboarding process, we ensure your team is fully engaged and informed, setting the stage for a successful partnership and a successful project delivery.

**Our Offboarding Process:**

Concluding services with NWT is as streamlined as beginning them. Our offboarding process includes thorough documentation, the transfer of knowledge, and final performance assessments to ensure your team is empowered for continued success. We ensure that every project's closure is as structured and forward-looking as its commencement, leaving you with enduring solutions and the confidence to maintain them.

### **Training and knowledge transfer**

Typically, NWT takes a “train the trainer” approach throughout any engagements we undertake. Where relevant, your team will be mentored and coached in both the technologies and architectures we are delivering and in how to pass this knowledge on to their colleagues. We work closely with our clients’ technical staff throughout our engagements, helping them to “learn by doing” and transferring essential skills and knowledge to your in-house team. We can also source and arrange formal training for our clients and their staff via relationships we have in place with key vendors and training providers.

### **Support**

Support is carefully tailored to the engagement and the specific requirements of your organisation.

### **Remote working**

All our services can be delivered remotely if required.

### **In summary**

NWT can offer a full TaaS capability to support complex transition or transformation programmes and projects as well as more focused support to help address a specific business or technology challenge. Whatever you require, we will apply our wealth of Industry and Government experience to guide you on your Digital Transformation journey. Equipping you with all you need from inception to the transfer of capability. Whether you need short-term assistance to bridge a gap in your migration or transformation capability or a full multi-functional programme team deployed to design and deliver a major transformation, we will apply our wealth of Government experience to guide you on your digital journey. To discuss your requirements in more detail, please contact [info@nwt.work](mailto:info@nwt.work) indicating your area of interest and a member of our team will contact you to discuss with you.
