## 1. Azure Managed Service Pricing

### Relay

The **Microsoft Azure Managed Service – Relay** is offered to Buyers who've procured NAK Cloud Solution Provider (CSP) Azure Subscriptions, at no further charge.

As per the Microsoft Azure Managed Service – Relay service description, the service only covers Azure infrastructure in NAK CSP Azure subscriptions.

There is no minimum commitment for the service.

### Advised

Our **Microsoft Azure Managed Service – Advised** is sold to Buyers at £1275 (ex-VAT) per calendar month, including:

- Twelve Azure Consultant days for use at Buyers' discretion.
- A monthly Azure FinOps Review

The minimum commitment for the service is twelve months.

### Onboard

The **Onboard** option of our Azure Managed Service is charged at £100 – £200 per Azure Virtual Machine per calendar month, exclusive of VAT.

We will agree a fixed-price per Azure Virtual Machine with you, according to:

- Optional/Enhanced services required (such as server patching)
- The complexity of your Azure estate (for example, hub and spoke networks versus flat networks)
- Your monitoring and alerting requirements, above and beyond our standard Observability Pack.

The minimum commitment for the service is twelve months.
