2.1. Rate Card Breakdown	4

1. PREFACE

This document provides the SFIA rate card used to provide the CODA Security service offerings through the G-Cloud 14 framework, as part of Lot 3 - Cloud Support.

More information on the services is available from our website at the following URL:

<https://www.codasecurity.co.uk>

2. SFIA RATE CARD

The following describes the Skills For The Information Age (SFIA) levels, and their associated costs, for CODA services. Please note that all prices are exclusive of Value Added Tax (VAT) which will be charged at the prevailing rate. Incurred expenses or incidental charges are described in the accompanying pricing schedule.

2.1. Rate Card Breakdown

SFIA Grade	Description	Price per Day
5	Ensure, Advise This is the typical level at which a CHECK Team Member or Principle Cyber Security Professional (PCSP) will operate.	£1,000
6	Initiate, Influence This the typical level at which a CHECK Team Leader will operate. They may also be either PCSP or Chartered Cyber Security Professional (ChCSP) certified.	£1,200
7	Set strategy, Inspire, Mobilise These are CODA's most experienced, and senior, personnel with extensive knowledge of HMG cyber security strategy and a wide range of exposure to different operational environments. This individuals will be current or former CHECK Team Leaders, holding CISSP, ChCSP, and other related accreditations.	£1,500

Please note that CODA do not provide resources at SFIA levels below 5. Please also not that some roles, such as NCSC CHECK IT Health Check assessments on SECRET or TOP SECRET systems require a minimum of 2 resources at SFIA 6 (CHECK Team Leader) level.

More information on the typical responsibilities held at each SFIA grade are available from the following URL:

<https://sfia-online.org/en/sfia-8/responsibilities>

More information on the NCSC CHECK scheme and associated team member levels is provided at the following URL:

<https://www.ncsc.gov.uk/information/check-penetration-testing>

More information on the Chartered Cyber Security Professional pathway is provided at the following URL:
