- Enable microservices architecture with mature DevOps

4 - Our Key Solutions

WeShape Advisory

WeShape Advisory consultants are industry experts, bringing innovative solutions and challenging the status quo, enabling your organisation to establish a new Digital identity and a lasting cultural shift.

• Technical and organizational debt reviewed & progressive roadmap outlined
• Defined Target Operating Model, business alignment and integrated toolchain
• Neutral vendor accelerated design and delivery proposal
• Empower teams to be forward thinking and solutions focused

WeShape Squads

WeShape Squads are specifically assembled to deliver a desired technical outcome Our Squad solution allows you access to a cohesive team of industry-leading technical specialists within their respective fields.

Squads will accelerate your speed on technical delivery, design and build effective solutions and up-skill your existing engineering capability to ensure it can be maintained effectively.

WeShape Squads are the ideal solution when looking to advance your technology platforms, supplement internal skills & capability gaps or scale your engineering capability for large scale transformations.

WeShape On-Demand

WeShape SME consultants will focus on delivering your business-critical projects through accelerated digital transformations. Our flexible on-demand model will be tailored around the specific capability and skills gap to ensure optimum results and to achieve the required technical outcome.

5 - Pricing Overview

WeShape's pricing for all G-Cloud 13 services will be structured on a time and materials charging model and will be based on the applicable SFIA (Skills for the Information Age) rate card, which is available as a separate document published on G-Cloud 13, Digital Marketplace.

WeShape will work with you to ensure the structure of the team and contract that will be most advantageous and provide the greatest value for you.

6 - Security Procedures

- Staff screening for consultants will be performed to conform to BS7858:2012
- WeShape will obtain Government security clearance up to SC level for required projects
- Internal security procedures monitored by WeShape best practices to ensure secure working environment for all projects.
- Data will be handled according to ISO27001 and DPA18/GDPR standards

7 - On-boarding & Off-boarding

WeShape on-boarding processes will work to customer timeframes, and a WeShape Account Manager will provide consistent updates throughout the process ensuring all parties are aligned.

WeShape Technical Lead will evaluate current skills and capability gap within team to propose incremental team resource. Where required, WeShape team will collaborate with existing engineering teams to ensure relevant knowledge is transferred ahead of project initiation.

WeShape Account Manager will meet with customer regularly to ensure project deliverables are being met and ensure feedback/communication is consistent throughout the project.

WeShape Account Manager will arrange on-site visits with customer to meet relevant stakeholders, teams to ensure a strategic partnership is formed, as well as act as POC for escalation.

Our off-boarding process will include full knowledge transfer with WeShape technical team, including sharing information of the runbooks/documentation for operational and technical practices.

WeShape Account Manager will ensure full hand-over process is implemented to any incoming supplier or internal team to ensure relevant IP and knowledge transfer.

Should you be required to escalate beyond a WeShape Account Manager, WeShape will always have a designated Director available for support.

Tiered Service+Escalation Levels

- Level 1: WeShape Technical Lead
- Level 2: WeShape Account Manager
- Level 3: WeShape Director

8 - Why Choose WeShape?

WeShape are experts in the advisory and implementation of devops, software, data and cloud native solutions. We are an award-winning consultancy, and behind some of the largest technology communities in the UK - London DevOps, and London Tech Leaders. London DevOps is one of the most well-established Meetup events for Cloud, Development and Operations professionals, with over 10,000 members. London Tech Leaders is an exclusive, invite-only event of C-Suite executives in the technology sector.

Our solutions include organisational & technical advisory, squad deployment, on-demand consultants, training & coaching and nearshore delivery.

We are a B-Corp, ISO27001 certified, disability confident employer, and mental health at work committed business.
