Benefits

WeShape Trainers are experts in their respective fields, hands-on practitioners and have a passion for upskilling teams. WeShape training workshops are designed to up-skill, refresh and expand your internal technical capability, ensuring you remain competitive.

WeShape Trainers will ensure your internal engineering teams are ready to deliver projects with new, innovative techniques. WeShape Trainers encourage your teams to test new tools, experiment and develop their skillsets to drive increased productivity and efficiency.

5 - Pricing Overview

WeShape offers this solution on a cost per delegate basis, based on depth and duration of training required – Please contact Jack.moore@weshape.io to build a bespoke proposal.

Any additional services beyond the original scope of work will be structured on a time and materials charging model at the appropriate grade and will be based on the applicable SFIA (Skills for the Information Age) rate card, which is available as a separate document published on G-Cloud 13, Digital Marketplace.

WeShape will work with you to ensure the structure of the training and contract that will be most advantageous and provide the greatest value for you.

6 - Security Procedures

- Staff screening for consultants will be performed to conform to BS7858:2012
- WeShape will obtain Government security clearance up to SC level for required projects
- Internal security procedures monitored by WeShape best practices to ensure secure working environment for all projects.
- Data will be handled according to ISO27001 and DPA18/GDPR standards

7 - On-boarding & Off-boarding

WeShape on-boarding processes will work to customer timeframes, and a WeShape Account Manager will provide consistent updates throughout the process ensuring all parties are aligned.

WeShape Technical Lead will evaluate current skills and capability gap within team to propose incremental team resource. Where required, WeShape team will collaborate with existing engineering teams to ensure relevant knowledge is transferred ahead of project initiation.

WeShape Account Manager will meet with customer regularly to ensure project deliverables are being met and ensure feedback/communication is consistent throughout the project.

WeShape Account Manager will arrange on-site visits with customer to meet relevant stakeholders, teams to ensure a strategic partnership is formed, as well as act as POC for escalation.

Our off-boarding process will include full knowledge transfer with WeShape technical team, including sharing information of the runbooks/documentation for operational and technical practices.

WeShape Account Manager will ensure full hand-over process is implemented to any incoming supplier or internal team to ensure relevant IP and knowledge transfer.

Should you be required to escalate beyond a WeShape Account Manager, WeShape will always have a designated Director available for support.
