## 1. PRICING

Bentley provides configuration and support needed to improve geotechnical data management workflows using OpenGround. One-time professional services will be provided by Bentley to set up the OpenGround solution, provide the initial configuration, and deliver product coaching and training.

These services will be performed with support from <<User>>'s assigned technical team and IT staff.

The minimum implementation service, based on the scope described is estimated at: **£7,925.**

The following applies to the rates:

- Value Added Tax – all rates are exclusive of VAT
- Consultant's Working Day – 7.5 hours exclusive of travel and lunch
- Working Week – Monday to Friday excluding English bank holidays
- Office Hours – 09:00 – 17:30 Monday to Friday
- Travel, Mileage and Subsistence – payable in line with Bentley's standard expenses policy

## About Bentley Systems

Bentley Systems (Nasdaq: BSY) is the infrastructure engineering software company. We provide innovative software to advance the world's infrastructure – sustaining both the global economy and environment. Our industry-leading software solutions are used by professionals, and organizations of every size, for the design, construction, and operations of roads and bridges, rail and transit, water and wastewater, public works and utilities, buildings and campuses, mining, and industrial facilities. Our offerings include MicroStation-based applications for modeling and simulation, ProjectWise for project delivery, AssetWise for asset and network performance, Seequent's leading geoprofessional software portfolio, and the iTwin platform for infrastructure digital twins. Bentley Systems employs more than 5,000 colleagues and generates annual revenues of approximately \$1 billion in 194 countries.
