About LinkedIn Learning

Over 20,000 expert-led courses online

LinkedIn Learning is an award winning industry leader in eLearning on demand platform which combines industry-leading content with personalised course recommendations based on skills insights from LinkedIn's 1 billion+ global member network.

AI Data-driven curation

Deliver the right training to every employee through personalised course recommendations based on their job role, skillset and experience level.

Training for every function, at all levels

Select from thousands of beginner-to-advanced courses across core functional areas – including sales, marketing, finance, operations, IT, software and web development, customer service and more.

Hundreds of soft skill courses

Select from topics covering leadership skills, time management, problem solving, peer relationships, conflict management, project management, communication and presentation skills.

Convenience

Easy access anytime, anywhere – from any desktop or mobile device

Upload custom content & mix with LinkedIn Learning courses to build the right learning paths for your teams [LinkedIn Learning Hub only]

Our products

LinkedIn Learning for Government

LinkedIn Learning combines industry-leading content from Lynda.com with personalized course recommendations based on insights from LinkedIn's network.

LinkedIn Learning Hub for Government

LinkedIn Learning Hub is a premium subscription available for organisations, to make learning more engaging for their learners and easier to implement for admins. Learning Hub includes all the features of LinkedIn Learning, while allowing admins to upload, manage, and share customised content and use the Skills Insights feature. LinkedIn Learning Hub also allows learners to search for custom content from their Learning library, and admins to track progress and completion of custom upload. As a leading Learning Platform, LinkedIn Learning Hub enables multiple learning content to be aggregated.
