

Process360 Simplified SFIA Rate Card

Welcome to the Process360 SFIA Rate Card. Below you'll find the daily rates for our Cloud Adoption services. Each level represents a different degree of expertise and responsibility, making it easy to choose the right level of support for your projects.

Level	Role	Daily Rate	Description
1	Follow	£200	Beginner Level: Ideal for tasks requiring basic support under close supervision. Perfect for routine activities and straightforward tasks.
2	Assist	£275	Intermediate Level: Suitable for roles needing routine supervision and minor discretion in problem-solving. Great for structured environments and varied tasks.
3	Apply	£375	Advanced Level: Designed for professionals working under general supervision, using discretion in complex situations. Ideal for a broad range of work, including complex and non-routine tasks.
4	Enable	£475	Senior Level: For roles that influence team and specialist peers internally, requiring substantial personal responsibility and autonomy. Best for those managing complex technical or professional work activities.
5	Ensure or Advise	£600	Expert Level: Targets senior professionals who influence organization-wide strategies and lead in their areas of expertise. Suitable for those ensuring adherence to goals and advising on key objectives.
6	Initiate or Influence	£750	Leadership Level: For leading new initiatives or making influential decisions. Varies slightly depending on the focus area but generally for roles impacting organization or project outcomes significantly.
7	Set Strategy or Inspire	£950	Visionary Level: Highest level, suitable for those setting organizational strategy and inspiring innovation across and beyond the enterprise. Involves critical decision-making that influences the industry.

Additional Information

- **Duration of Consultancy Day:** Each day is based on 8 working hours, excluding travel and lunch breaks.
- **Inclusions:** Rates include travel within the M25. Travel outside this area is subject to standard travel and subsistence rates.
