This Master Services Agreement dated and effective as of the date of the Volume Services Agreement and/or Statement of Work as applicable is by and between Process360 Limited a company incorporated in England with company number 10571983 and which has its registered office at 6 Sutton Plaza, Sutton Court Rd, Sutton SM1 4FS, United Kingdom (“Process360”) and you the Client (“Client”).

Each a “Party” and together the “Parties”

BACKGROUND

- a. Process360 is a provider of certain Managed Services and Professional Services, and Service Solutions which may include third party hardware and software or Process360’s own developed software (together the “Services”).
- b. The Client has a requirement for the supply of certain of these Services from Process360
- c. The Parties therefore enter into this Master Services Agreement (The “MSA”).

IT IS AGREED AS FOLLOWS

1 Definitions and interpretation

1.1 The definitions and rules of interpretation set out at Schedule 1 (Definitions and interpretation) shall apply in this MSA and any Work Order made under it.

2 How this Master Services Agreement works

2.1 Where the Parties agree that Process360 will provide Services to the Client, they will execute a Work Order in accordance with this MSA in relation to each service. This MSA of itself, without an executed Work Order, does not oblige Process360 to provide any Services, nor the Client to pay for them.

2.2 Where applicable a Work Order shall be accompanied by a Service Description

2.3 Nothing in this MSA creates any obligation of exclusivity on either Party. Process360 will be free to provide its services to any other Party and the Client will be free to source services similar to the Services from any other third party.

2.4 This MSA applies to the exclusion of any other terms that the Client seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing

2.5 Any quotation issued by Process360 shall not constitute an offer, is for informational purposes only and is only valid for a period of fourteen (14) days from date of issue.

2.6 In the event of any inconsistency or contradiction, the following order of precedence will apply:

2.6.1 any Special Terms, but only in respect of that Work Order; and then

2.6.2 the rest of the relevant Work Order; and then

2.6.3 the Service Description; and then

2.6.4 the clauses of this MSA and then

2.6.5 the schedules to this MSA;

3 Work Orders

3.1 Where the Parties agree that Process360 will provide Services to the Client, they will execute a Work Order setting out:

3.1.1 the Services to be provided;

3.1.2 The Client details;

3.1.3 the Initial Term;

3.1.4 the Fees payable, and when they will be invoiced;

3.1.5 any Service Levels which are to be applicable to the Services and which differ from those set out in the relevant Service Description; and

3.1.6 any Special Terms.

4 Service Commencement

4.1 In the case of Professional Services, Process360 will use reasonable efforts to ensure that Service Commencement occurs within 30 days of the Work Order being signed, but time shall not be of the essence. The Work Order may specify a "Target Service Commencement date". That date is a good faith estimate only and not a binding commitment.

4.2 In the case of Managed Services, the Service Commencement Date shall be the 1st of the month following the month in which the Work Order is signed by both parties (unless otherwise agreed in writing by both parties) but subject to successful completion of any prerequisite Professional Services provided for in the relevant Work Order or Service Description.

4.3 In the case of both Professional Services and Managed Services the Service Commencement is subject to the Client fulfilling its obligations under clause 6 and to any other corresponding dependencies on the Client as set out in the relevant Work Order or Service Description.

5 Service Provision

5.1 For each Work Order, subject to the Client compliance with this MSA and payment of the applicable Fees, Process360 will provide the relevant Services to the Client:

5.1.1 using reasonable skill and care and in accordance with and subject to this MSA; and

5.1.2 (unless Terminated earlier) from Service Commencement until the end of the applicable Service Term.

5.2 The Client acknowledges that the Services are only a part of its wider business transformation, business security, business continuity and disaster recovery strategy, and that Process360 cannot and does not provide a general guarantee of business transformation, security, business continuity and disaster recovery. It is for the Client to assess, and to keep under review, the suitability of the Services contracted for according to its particular circumstances, needs, risk appetite and budget.

5.3 Process360 may vary the Services and the corresponding Service Descriptions from time to time, for example to add or modify Service features, to reflect changes in Applicable Law or industry practice, or to comply with a legal requirement. Process360 will use commercially reasonable efforts to ensure that such changes do not result in a materially worse Service when compared to the Service as at the start of the Initial Term or then-current Renewal Term (as the case may be). If such a change is reasonably likely to have a materially adverse effect on the Service, Process360 will provide the Client with not less than 30 days' prior notice of the change, and the change will not proceed without the Client approval (not to be unreasonably withheld or delayed).

5.4 Process360 will, in connection with the Services, provide such reporting as the Client may reasonably request and as Process360 may agree, as set out in the applicable Service Description or Work Order.

5.5 If the applicable Service Description sets out a process for making changes to the scope or volume of the Services, the Parties will follow that process.

6 The Client Obligations in Respect of the Services

6.1 As between Process360 and the Client, the Client is responsible for the acts and omissions of the Client employees, and accordingly the Client shall be liable to Process360 for such acts and omissions (and subject therefore to the limitations and exclusions of liability set out in this MSA).

6.2 The Client shall:

- 6.2.8 prepare the Client premises and equipment for the supply of the Services, including making available any hardware and software (with licence keys) required for the performance of the Services;
- 6.2.9 ensure that, where the provision of Services is likely to require the use of, or access to, the Client's server and/or networking equipment, sufficient capacity is available to Process360 Representatives (including but not limited to electricity lines and/or cables, control and/or main fuses, energy supply, rack space, Uninterrupted Power Supplies ("UPS"), network ports and cabling); and
- 6.2.10 permit Process360 to liaise with relevant third-party suppliers to the Client, if required for Process360 to provide the Services.

6.3 The Client shall not:

- 6.3.1 except as may be allowed by applicable law which is incapable of exclusion by MSA between the Parties:

 - 6.3.5.1 that is unlawful, defamatory, obscene, pornographic, abusive, harassing, or which tends to promote discrimination against any person or class of persons on the basis of a characteristic protected by applicable law; or
 - 6.3.5.2 which infringes or is reasonably likely to infringe the Intellectual Property Rights or other rights of any person, or misappropriates or misuses the trade secrets of any person, or which is likely to result in a breach of any obligation of confidence owed to any person;
- 6.3.6 use or attempt to use or misuse the Services in any way that is criminal or otherwise unlawful in any relevant jurisdiction;
- 6.3.7 damage, disable or impair the Services, attack them, or use them as an attack vector or means of attack against any other system, computer or network;
- 6.3.8 carry out or attempt performance or penetration testing against the Services without Process360's prior written consent (and all such testing must be carried out in accordance with Process360's applicable policies);
- 6.3.9 circumvent or attempt to circumvent any technical measures or restrictions controlling access to or use of the Services or gain or attempt to gain any greater level of access to the Services or to Process360's systems than is permitted by this MSA and the relevant Work Order.

17.5.1 without limiting or affecting any other right or remedy available to it, Process360 shall have the right to suspend performance of the Services until the Client remedies the Client Default, and to rely on the Client Default to relieve Process360 from the performance of any of its obligations in each case to the extent the Client Default prevents, hinders or delays Process360's performance of any of its obligations;

17.5.2 Process360 shall not be liable for any costs, expenses, losses, liabilities or damages whatsoever which are sustained or incurred by the Client arising directly or indirectly from Process360's failure or delay to perform any of its obligations as set out in this Clause 17.5; and

17.6.2 additionally, each Party's maximum total liability arising under or in connection with this MSA will be limited to £1,000,000 (one million pounds sterling).

18 Indemnities in Respect of Certain Risks

18.1 Process360 will indemnify the Client against any liability or cost (including reasonable legal fees) incurred by it or on its behalf as a result of any claim by a third party that the Services, when used in accordance with this MSA, infringe the Intellectual Property Rights of that third party (a "**Third Party IP Claim**"), but only if the Client:

18.1.1 promptly informs Process360 in writing of such Third-Party IP Claim, setting out reasonable details;

18.1.2 does not make any admission, agree any settlement or otherwise dispose of such Third-Party IP Claim without Process360's prior written consent;

18.1.4 gives to Process360 all reasonable information and assistance which Process360 may request to assist it in defending or settling such Third-Party IP Claim.

18.2 Process360's obligations in clause 18.1 above will not apply if the Third-Party IP Claim is based on:

18.2.1 the use of the Services in combination with products or services not supplied by Process360;

18.2.2 any specification or set of requirements for a Service specified by the Client;

18.2.3 any modification or alteration of the Services by any person other than Process360 or its authorised agents;

18.2.5 the failure of the Client to comply with this MSA or to follow Process360's reasonable instructions in respect of the Services.

18.3 If the Services or any part of them are found to infringe a third party's Intellectual Property Rights or other rights, whether as a result of a Third-Party IP Claim or otherwise, then Process360 may, at its own expense:

18.3.1 modify the Services to avoid the infringement; or

18.3.2 procure for the Client from the third-party right holder the right to continue to receive the Services,

and, if neither of the above is (in Process360's reasonable opinion) commercially practicable, terminate each affected Work Order and refund the unused prorated portion of any Fees pre-paid by the Client, in which case Process360 will have no further liability to the Client in respect of such affected Work Orders beyond that described in this clause 18.

18.4 The Client will indemnify and hold harmless Process360 for any and all damages, losses, liabilities, costs (including legal costs), charges, expenses, actions, adverse judgements, proceedings, claims penalties, fines and demands incurred and/or suffered by and/or brought or made against Process360 which arises out of or in connection with the Client's breach of clause 6.3 and Schedule 2.

19 Term and Termination

19.1 This MSA will have effect from the Effective Date and, unless Terminated earlier in accordance with its terms, will expire 12 months after Termination of the last Work Order made under it.

19.2 In respect of the provision of Managed Services under this MSA, each Work Order will have effect from the Work Order Start Date for the duration of the initial term specified in the Work Order (the "**Initial Term**"), and will thereafter renew for successive further terms of 12

months' duration (each, a "**Renewal Term**" and, together with the Initial Term, the "**Service Term**") unless either Party, by not less than 90 days' notice to the other, to expire at the end of the Initial Term or then-current Renewal Term (as the case may be), elects not to renew it, in which case that Work Order will expire. At each renewal point Process360 reserves the right to increase its Fees in accordance with its then current Service pricing.

19.3 Expiry or termination of any individual Work Order shall not affect any other individual Work Order or this MSA.

19.4 Either Party may terminate this MSA (and/or any or all Work Orders under it) on 30 days' written notice to the other if:

19.4.1 the other Party commits any material breach of this MSA and (if the breach can be remedied) it fails to remedy the breach within 30 days; or

19.4.2 the other Party commits a material breach of this MSA which is not capable of being remedied.

19.5 Without limitation, any breach by the Client of clause 6 (*The Client obligations in respect of the Services*) will be a material breach for the purposes of clause 19.4.

19.6 Either Party may terminate this MSA (and/or any or all Work Orders under it) immediately if:

19.6.1 the other Party passes a resolution for its winding up or a court makes an order for its winding up or dissolution (other than for the purpose of any bona fide amalgamation, merger or reconstruction);

19.6.2 an administration order is made in relation to the other Party that has not been set aside within seven days after the order has been made, or if a receiver is appointed over, or an encumbrancer takes possession of or sells, any material part of the assets or undertaking of the other Party;

19.6.3 the other Party makes an arrangement or composition with its creditors generally or makes an application to a court for protection from its creditors generally;

19.6.4 the other Party disposes of all its assets or a substantial part of its assets (other than for the purpose of any bona fide amalgamation, reconstruction or merger);

19.6.5 the other Party commences or has commenced against it any insolvency, reorganisation, debt arrangement or other case or proceeding under any bankruptcy or insolvency law, or any dissolution or liquidation proceedings, and, if such case or proceeding is commenced against it, such case or proceeding is not dismissed within seven days thereafter;

19.6.6 the other Party becomes insolvent or generally fails to pay or admits in writing its inability to pay its debts as they become due; or

19.6.7 the other Party is subject to any equivalent process or proceedings in any jurisdiction anywhere in the world.

20 Consequences of Termination

20.1 Termination of this MSA or any Work Order made under it will not affect any rights, remedies, obligations or liabilities of the Parties that have accrued up to the date of Termination.

20.2 Process360 will retain copies of any Client data hosted in the Services for 30 days following Termination following which Process360 will delete it (The Client acknowledging that copies of such data may nevertheless persist in backups retained by Process360 in the usual course of its backup cycle). The Client will be entitled on Termination to receive from Process360 an electronic copy of such data in a commonly used format.

23.1.1 the obligations of the Affected Party which are affected by the Force Majeure Event are, to the extent affected only, suspended while the Force Majeure Event continues;

23.1.2 as soon as reasonably possible after the start of the Force Majeure Event the Affected Party will give notice to the other Party in writing of the Force Majeure Event, the date on which the Force Majeure Event started and the effects of the Force Majeure Event on its ability to perform its obligations under this MSA;

23.1.3 the Affected Party will make all reasonable efforts to mitigate the effects of the Force Majeure Event on the performance of its obligations under this MSA and to perform its obligations notwithstanding the Force Majeure Event; and

23.3 If Process360 suspends provision of the Services in reliance on a Force Majeure Event, the Client will be entitled to a pro rata reduction of the Fees to reflect the period during which the Service is not provided by reason of that Force Majeure Event, which Process360 will effect by way of a credit against its next invoice. This clause 23 will not otherwise operate to suspend the Client obligation to pay the Fees.

24 Non-solicit

24.1 Each Party agrees that it will not, and will procure that its Affiliates will not, during the term of this MSA and for 12 months following its Termination, solicit, entice, induce or encourage or attempt to solicit, entice, induce or encourage any officer or employee of, or contractor to, the other Party or any of its Affiliates to leave the employment of or engagement with the other Party or its Affiliate (as the case may be), whether or not such person would commit any breach of his or her own contract of employment or engagement by so leaving.

24.2 If a Party breaches this clause 24 it will pay to the other Party immediately an amount equal to 15 per cent. of the relevant employee's first year's gross salary or the relevant contractor's first year's gross fees (as the case may be).

27 Dispute Resolution

27.1 Any dispute which may arise between the parties concerning this MSA shall be determined as provided in this Clause 27.

27.2 For the purpose of this Clause 27, a dispute shall be deemed to have arisen when one party serves on the other a notice in writing stating the nature of the dispute.

27.3 Unless this MSA has already been terminated by the date of the notice of dispute, Process360 shall continue to perform its obligations set out in the Work Order that is subject to the dispute with all due diligence regardless of the nature of the dispute and the Client shall continue to make payments in accordance with the terms and conditions of this MSA.

27.5 If no settlement is reached under Clause 27.4:

27.5.1 in the case of a dispute over purely legal issues, or where disposition of the legal issues would dispose of all other issues in dispute, the matter shall be brought before the English High Court in the most expeditious manner possible, and the parties agree to co-operate in the speedy conduct of such legal proceedings; and

27.5.2 in any other case, the dispute shall be determined by the English High Court and the parties submit to the exclusive jurisdiction of such court for such purposes.

28 General

28.1.1 This MSA constitutes the entire MSA between the Parties and supersedes and extinguishes all previous MSAs, promises, assurances, warranties, representations and understandings between them, whether written or oral, relating to its subject matter.

28.1.2 Each Party acknowledges that in entering into this MSA it does not rely on, and shall have no remedies in respect of, any statement, representation, assurance or warranty (whether made innocently or negligently) that is not set out in this MSA. Each party agrees that it shall have no claim for innocent or negligent misrepresentation based on any statement in this MSA.

28.2 Except where this MSA expressly provides otherwise, each Party will pay its own costs relating to the negotiation, preparation and execution of this MSA, and its own performance of this MSA.

28.3 Except where the MSA expressly provides otherwise, the Parties are independent contractors. Consequently, the provisions of this MSA will not, except where explicitly provided to the contrary, be interpreted as creating any association, relationship of agency or partnership between the Parties. Neither Party may bind the other in any manner whatsoever or in favour of anyone whomsoever, except in accordance with this MSA.

28.4 This MSA contains the whole MSA between the Parties, and supersedes all prior MSAs, arrangements and understandings between the Parties, relating to its subject matter. Each Party acknowledges that, in entering into this MSA, it does not rely on any statement, representation, assurance or warranty (whether it was made negligently or innocently) of any person (whether a Party to this MSA or not) (each, a “**Representation**”) other than as expressly set out in this MSA.

28.5 This MSA will be binding on the Parties’ successors and assignees.

28.6 Except where expressly provided otherwise, a person who is not a Party to this MSA will have no right whether under the Contracts (Rights of Third Parties) Act 1999 or otherwise to

enforce any term of it. Amendments to this MSA agreed by the Parties will not require the consent of any third party.

28.7 Any variation to the terms of this MSA must be made in writing and signed by the authorised signatories of each of the Parties. Any variation not so signed shall not be binding on the Parties.

28.8 If any provision of this MSA is held to be invalid or unenforceable for any reason, that provision will, if possible, be adjusted to the minimum extent necessary to make it valid, legal and enforceable rather than voided, in order to achieve a result which corresponds to the fullest possible extent to the intention of the Parties. The nullity or adjustment of any provision of this MSA will not affect the validity and enforceability of any other provision of this MSA.

28.9 The rights and remedies under this MSA may be waived only by notice and in a manner that expressly states that a waiver is intended. The failure of a Party to enforce a provision of this MSA or any rights with respect thereto (or any delay in so doing) shall not constitute a waiver of that provision, right or remedy, or in any way affect the validity of this MSA. A waiver of any claim for a breach of this MSA will not operate to waive any claims in respect of any other breach.

28.10 This MSA and all non-contractual obligations arising out of or in connection with it are governed by and construed in accordance with English law. The Parties hereby submit to the exclusive jurisdiction of the English courts.

Subject to paragraph 4, Process360 Software shall provide the Client with all information reasonably requested by the Client to enable the Client to verify Process360 Software's compliance with this paragraph 2. Without prejudice to the foregoing and upon one months' prior written notice from the Client, Process360 Software shall assist the Client in undertaking an audit of Process360 Software's compliance with the requirements of this paragraph 2 with respect to the Personal Data, provided that the scope of the audit and manner in which it is conducted will be agreed between the Parties in advance and shall ensure such audit does not adversely affect Process360 Software's operations. The Client acknowledges and agrees that any objection raised by the Client may cause or contribute to a delay or failure by Process360 Software and/or its subprocessor to perform Process360 Software's obligations under this MSA, and that Process360 Software shall not be liable for any Losses suffered or incurred by the Client arising out of or in connection with any such delay or failure.

With respect to each subprocessor Process360 Software will ensure that it has in place an agreement with the subprocessor that provides no less protection for Personal Data than those set out in paragraph 2. Process360 Software shall remain responsible for the acts and omissions of its subprocessors.

This paragraph 2 shall remain in full force and effect at all times, notwithstanding the termination or expiry of this MSA.
