- Disaster Recovery Plans with Zerto

Get full access to the Zerto Virtual Manager (ZVM) via your existing OVHcloud vSphere accounts. Using the Zerto ZVM API, you can improve your disaster recovery plan (DRP). With the RESTful API, you can automate the many tasks that are required for managing recovery after an incident, without having to use the Zerto user interface.

OVHcloud Managed VMware vSphere

OVHcloud Managed VMware vSphere is our most accessible solution for infrastructure migration, application, datacentre extension or disaster recovery plan needs (with Veeam or Zerto solutions available as an additional option).

Starter packs

Our starter packs are made up of 2 hosts and 2 datastores of 3 TB each.

Packs	Number of hosts	RAM/host	CPU/host	Datastores	Price/month
Pack PRE 48	2	48 GB	12c/24t - 2.2 GHz	2 * 3 TB	£1,699.48 ex. VAT/ month
Pack PRE 96	2	96 GB	12c/24t - 2.2 GHz	2 * 3 TB	£1,965.60 ex. VAT/ month

OVHcloud Managed VMware vSphere, Hyperconverged Storage

The **Hyperconverged Storage** solution will meet your needs for ultra-powerful storage. Equipped with NVMe SSDs, our servers have been specially designed to accommodate even the most demanding applications. With VMware vSAN, you can manage your storage in a scalable way, just as you would in your own datacentre.

Starter packs

Our starter packs are made up of 3 usable hosts with 8 to 38 TB of hyperconverged storage, as well as 2 datastores of 3 TB each.

Packs	Number of hosts	RAM/host	CPU/host	Datastores	Price/month
Pack PRE vSAN 192	3	192 GB	40c/80t - 3.1 GHz	2 * 3 TB	£5,363.58 ex. VAT/ month
Pack PRE vSAN 384	3	384 GB	40c/80t - 3.1 GHz	2 * 3 TB	£6,395.28 ex. VAT/ month
Pack PRE vSAN 768	3	768 GB	40c/80t - 3.1 GHz	2 * 3 TB	£8,597.94 ex. VAT/ month

Additional vSAN hosts and storage

You can temporarily or permanently add or delete hosts at any time (subject to commitment periods).

Host type	Price/month	Price/hour
PRE vSAN 192	£1,644.10 ex. VAT/month	£4.09 ex. VAT/hour
PRE vSAN 384	£1,988 ex. VAT/month	£4.98 ex. VAT/hour
PRE vSAN 768	£2,722.22 ex. VAT/month	£6.81 ex. VAT/hour

OVHcloud Managed VMware vSphere, Network Security

The **Network Security** solution is based on VMware NSX (NSX-T) network and security virtualisation software. You can manage your security rules, operations, and automation in a consistent way across your different cloud environments. NSX secures your software, whether it is hosted on virtual machines or in containers and reduces the threat of ransomware thanks to micro-segmentation.

Starter packs

Our starter packs are made up of 2 hosts, 2 datastores of 3 TB each, and an NSX licence.

Packs	Number of hosts	RAM/host	CPU/host	Datastores	Price/month
Pack PRE 48 NSX	2	48 GB	12c/24t - 2.2 GHz	2 * 3 TB	£2,298.52 ex. VAT/month
Pack PRE 96 NSX	2	96 GB	12c/24t - 2.2 GHz	2 * 3 TB	£2,531.44 ex. VAT/month
Pack PRE 192 NSX	2	192 GB	16c/32t - 2.8 GHz	2 * 3 TB	£2,679.24 ex. VAT/month
Pack PRE 384 NSX	2	384 GB	32c/64t - 2.8 GHz	2 * 3 TB	£3,786.40 ex. VAT/month
Pack PRE 768 NSX	2	768 GB	32c/64t - 2.8 GHz	2 * 3 TB	£4,526.88 ex. VAT/month

Additional hosts

You can temporarily or permanently add or delete hosts at any time (subject to commitment periods).

Host type	Price/month	Price/hour
