Pricing Document

Pricing

Our services are priced by a common set of rates tables, based on the 'Skills for the Information Age (SFIA)' Definitions & Rate Card. This outlines a day rate for consultants of different levels of experience undertaking different types of roles in varying types of projects, varying from £350 to £1000 per day.

We would typically look to agree the level of supporting resources required for a given project with a client before proceeding.

SFIA

The SFIA Rate Card is available as a separate attachment, downloadable from the service web page, and lists the range of day rates applicable to this service.

Other information

No sector-specific pricing applies. The quoted pricing information for this service applies equally across all client sectors. All pricing information is quoted in pounds sterling (GBP) and prices are exclusive of VAT at the applicable rate (unless otherwise stated).
