## About Route 101

Route 101 is a SaaS provider of next generation customer engagement platforms, offering award winning solutions from market leading vendors. We deliver a full range of services to ensure our clients get the maximum value from the solutions we provide, including all associated consultancy, professional services, training and support. Route 101 has:

- The **knowledge** to get to the heart of your business and customer needs,
- The **expertise** to advise you on what you need and what you don't,
- The **technology** to deliver a world-class, customer focused solution, and,
- The **desire** to build a lasting and mutually beneficial partnership with you.

## Route 101 and NICE in Partnership

We are a NICE CXone Certified Implementation Partner, as well as recipients of numerous awards, including multiple Partner of the Year awards. This level of accreditation and acknowledgment demonstrates our extensive experience deploying and supporting CXone, as well as our ability to empower our customers to provide exceptional customer experiences. Using our in-house team of accredited NICE specialists across our solution design, project delivery and support teams, we are able to provide an end-to-end service, including consultancy, discovery and design, implementation, training, and ongoing support and optimisation, fully supported by NICE themselves, as required.

We work very closely with NICE to provide a unified and complete omnichannel experience to customers, as well as a robust, efficient and proactive support service. Part of the value that Route 101 adds is that we have extremely strong vendor relationships, and we truly champion our customers within our partner organisations, bringing your requirements and feedback to their direct attention. Within NICE, we are able to leverage relationships on behalf of our customers in account management, support, implementation, solution design, R&D, marketing, and more, as well as within the leadership team, as required.
