

## ZR CONSULTANTS – G-CLOUD 14 PRICING SCHEDULE

ZR Consultants (ZRC) is dedicated to providing exceptional service and taking full ownership and accountability for all deliverables. Our organisation is committed to delivering outstanding results for our clients while proactively identifying opportunities to help them save money and implementing process improvements that lead to greater efficiency.

Our team comprises highly experienced professionals, with the majority having previously worked with the Big 4 and larger consultancy firms, whose rate cards are significantly higher than ours. All deliverables are meticulously overseen by our CEO, who has an extensive track record of delivering projects on time and within budget, and has often been called upon to rescue failing projects.

When our standard templates, models, and methodologies are utilized, there are no additional costs associated with their use, ensuring transparency and cost-effectiveness.

Our discounted rate card, with up to 15% discount applied for G-Cloud services, can be found below. We prioritise offering competitive rates while maintaining the highest quality standards:

2024 Rate Card	Start rate	End Rate	Start Hourly Rate	End Hourly rate
