Company Overview

Periculo is a modern day consultancy breaking down complex standards into usable, beneficial actions and processes. Our focus is not on conforming to how things are traditionally done by others, but on providing our customers with the most efficient and effective delivery method.

As a business we have delivered compliance standards for single founder startups, to enterprises with over 55k employees.

Our proven track record includes guiding a global scale-up medical device company through the rigorous process of achieving and maintaining ISO27001, ISO9001 and various other certifications.

Our team's expertise and dedication to quality have allowed us to successfully navigate numerous customer audits within a wide variety of organisational sectors.

At Periculo, we understand that each client's needs are unique, and we work closely with them to develop tailored solutions that meet their specific requirements.

Our goal is to empower our clients to achieve their objectives and win more work through security being a competitive advantage.

Pricing Notes & Payment Terms

- A. Payment terms are net 30 days from the date of receipt of invoice. The Client shall remit payment to the Service Provider within the specified payment terms.
- B. Any applicable taxes, duties, or similar charges arising from the provision of services under this Agreement shall be the responsibility of the Client and shall be added to the invoiced amount. All prices quoted in this document are exclusive of VAT.
- C. If the Client requests any additional services beyond the services listed, the Parties shall negotiate and agree upon the pricing for such additional services separately.
- D. Excluded from the costs are any travel expenses incurred in the provision of services. In the event that travel is necessary for the execution of these services, the Service Provider shall inform the Client in advance and provide an estimate of the anticipated travel expenses. The Client shall have the option to approve or decline the travel arrangements proposed by the Service Provider.
