	£1,450	£1,450	£1,450	£1,450	£1,450	£1,450

Our services are priced by a common set of rates tables, based on the 'Skills for the Information Age (SFIA)' Definitions & Rate Card, as shown below. This gives day rates for consultants different levels of experience undertaking different types of roles in different types of projects.

Further details can be provided if required, but we would normally work with clients to agree the level of supporting resource(s) specific to any service or given project. This engagement and definition of the service will enable us to determine what roles and rate(s) are appropriate. The ranges of charges stated reflects our ability to apply variations based on geography and whether engagements require attendance on client sites given the modern ways of working.
