SERVICE PRICING

EasiCloud – AWS Hosting

The EasiPC EasiCloud managed AWS service pricing varies depending on several conditions:

- Size of school
- Number of schools

To ensure that schools have predictable costs EasiPC provide EasiCloud in either 1 or 3 year commitments, both the 1 and 3 year terms are paid annually in advance. There is no onboarding fee where the system has been designed and implemented by EasiPC through our Deployments team, however there may be additional installation costs based on the EasiPC day rate.

The annual costs include full management of the platform.

Service	Pricing
EasiCloud (AWS Hosting) – Primary School	£3,900.00
EasiCloud (AWS Hosting) - Secondary School	£8,700.00
EasiCloud (AWS Hosting) – Multi Academy Trusts	Bespoke pricing

For EasiCloud deployments for academy trusts a bespoke pricing will be offered with volume discount applied and other complexities taken into consideration.

EasiPC Backup as a Service (BaaS)

The EasiPC BaaS managed Backup as a Service pricing varies depending on several conditions:

- Size of data in selection
- Number of schools

To ensure that schools have predictable costs EasiPC provide BaaS in either 1 or 3 year commitments, both the 1 and 3 year terms are paid annually in advance. There is no onboarding fee where the system has been designed and implemented by EasiPC through our Deployments team, however there may be additional installation costs based on the EasiPC day rate.

The annual costs include full management of the service.

Service	Pricing
BaaS – 100GB	£360
BaaS – 250GB	£585
BaaS – 500GB	£900
BaaS – 1000GB	£1560
BaaS – 2500GB	£3720
BaaS – 5000GB	£7260
BaaS – Multi Academy Trusts	Bespoke pricing
BaaS – Custom Pool Size	Bespoke pricing

For BaaS deployments for academy trusts a bespoke pricing will be offered with volume discount applied and other complexities taken into consideration.

Microsoft Licensing

The EasiPC Microsoft CSP Licensing pricing varies depending on:

- Number of users
- License level required

To ensure that schools have predictable costs EasiPC provide Microsoft CSP Licensing in either 1 or 3 year commitments, both the 1 and 3 year terms are paid annually in advance. There is no onboarding fee where the system has been designed and implemented by EasiPC through our Deployments team, however there may be additional installation costs based on the EasiPC day rate.

The annual costs include full management of the service and are priced per user.

Service	Pricing
Microsoft 365 – A3	£60.26
Microsoft 365 – A5	£113.34

For Microsoft CSP Licensing deployments for academy trusts a bespoke pricing will be offered with volume discount applied and other complexities taken into consideration.

Additionally, all student licensing is included for free.

Google Licensing

The EasiPC Google Workspace Licensing pricing varies depending on:

- Number of users (Workspace Standard)
- Number of devices (Chrome Upgrade)
- License level required

To ensure that schools have predictable costs EasiPC provide BaaS in either 1 or 3 year commitments, both the 1 and 3 year terms are paid annually in advance. There is no onboarding fee where the system has been designed and implemented by EasiPC through our Deployments team, however there may be additional installation costs based on the EasiPC day rate.

The annual costs include full management of the service and are priced per user/Device.

Service	Pricing
Google Workspace - Standard	£Available on Request
Google Workspace – Chrome Upgrade	£28.60

For Google Workspace Licensing deployments for academy trusts a bespoke pricing will be offered with volume discount applied and other complexities taken into consideration.

SaaS Protect & Defense

The EasiPC SaaS Protect and Defense managed Service pricing varies depending on several conditions:

- Protect only or Protect and Defense
- Number of users

To ensure that schools have predictable costs EasiPC provide SaaS Protect and Defense in either 1 or 3 year commitments, both the 1 and 3 year terms are paid annually in advance. There is no onboarding fee where the system has been designed and implemented by EasiPC through our Deployments team, however there may be additional installation costs based on the EasiPC day rate.

The annual costs include full management of the service and are priced per user.

Service	Pricing
SaaS Protect only	£26.40
SaaS Protect and Defense (Microsoft 365 only)	£60
BaaS – Multi Academy Trusts	Bespoke pricing

For SaaS Protect & Defense deployments for academy trusts a bespoke pricing will be offered with volume discount applied and other complexities taken into consideration.

Managed Antivirus - Webroot

The EasiPC Managed Antivirus Service pricing varies depending on several conditions:

- Number of Windows devices

To ensure that schools have predictable costs EasiPC provide Managed Antivirus - Webroot in either 1 or 3 year commitments, both the 1 and 3 year terms are paid annually in advance. There is no onboarding fee where the system has been designed and implemented by EasiPC through our Deployments team, however there may be additional installation costs based on the EasiPC day rate.

The annual costs include full management of the service and are priced per device.

Service	Pricing
EasiPC Managed Antivirus - Webroot	£5.85
BaaS – Multi Academy Trusts	Bespoke pricing

For Managed Antivirus - Webroot deployments for academy trusts a bespoke pricing will be offered with volume discount applied and other complexities taken into consideration.

Cloud Migrations and Transformation

The EasiPC Cloud Migration and Transformation managed Service pricing varies depending on several conditions:

- Data to be migrated
- Number of users

To ensure that schools have predictable costs EasiPC provide a scope of work prior to agreeing any service delivery. The scope of work will define the project and define full costing. Costs are based on the EasiPC Day rate which is £500 per day for project delivery.

Example costs include full management of the service end to end.

Service	Pricing
File server data migration to Microsoft 365	£1000-£10,000
Google Workspace to Microsoft 365 full migration	£1000-£5000
BaaS – Multi Academy Trusts	Bespoke pricing

For Cloud Migrations and Transformation deployments for academy trusts a bespoke pricing will be offered with volume discount applied and other complexities taken into consideration.

EasiPC Managed Service Desk

The EasiPC Managed Service Desk pricing varies depending on the following conditions:

- Number of Schools
- Number of Staff Users

To ensure that schools have predictable costs EasiPC provide the Managed Service Desk in either 1 or 3 year commitments, both the 1 and 3 year terms are paid annually in advance. There are typically no onboarding fees, however where critical concerns are identified during onboarding due diligence there may be additional installation costs based on the EasiPC day rate.

Example costs include full management of the service.

Service	Pricing
EasiPC Managed Service Desk – Single School	£2000 + £75 per staff member
EasiPC Managed Service Desk – Multi Academy Trusts	Bespoke pricing

For Managed Service Desk deployments for academy trusts a bespoke pricing will be offered with volume discount applied and other complexities taken into consideration.
