installations make our customers successful

easy consultancy services

EASY Consulting provides you with an expert consultant. With our expertise and talent for innovation, we cover migration, EASY Cloud, Software as a Service, application hosting, adaptation, and development.

easy consultancy services

Consultancy for the set-up of easy cloud products, with additional services offered for;

- Migration Expertise
- Training for easy cloud products
- Ongoing Support and Configuration for easy cloud products

Delivered remotely or if required on-site (subject to additional cost)

Supporting documentation offered online with downloadable PDFs and self-guide videos.

Standard Support offered 9 to 5 GMT, Monday to Friday

Your journey

As our software is pre-configured and ready to go, onboarding your employees is quick and easy with minimal set-up required. We offer additional migration expertise to assist in moving your current system from on-premise to the cloud if required (additional cost)

Our first-class support is offered through email, online and via the telephone so no matter where you are support can be accessed easily. Our support consultants provide 2-hour, priority level 1 responses within standard office hours, with also the additional option of 24/7 support if required (on request, additional cost)

easy is with you every step of your journey to assist with everything from onboarding and offboarding, to customisation, training, migration or expansion (additional costs may be required for some additional services)
